opened to the public at 8 o'clock this
morning.Opening-day attendance records
will be smashed, according to predictions
of President Oscar Mills and
General Manager Striplin. The first-day
visitors to the fair will find
every exhibit and every attraction
ready for them, something unusual
for the beginning of a fair.Hundreds of people arrived in the
city on late trains last night to visit
the fair. Reduced rates are in effect
on all railroads entering Atlanta, and
thousands will take advantage of them
to come to Atlanta and see the big
show at Lakewood.The entire morning will be given
over for exhibits and midway attractions.
At 1 o'clock the fastest automobile
races ever seen in the south will
begin. Daredevil drivers with
their fast machines will attempt to
lower all dirt-track records. There
will be a thrill every minute for speed
enthusiasts. The races will occupy
the entire afternoon, but for those
who do not care for the speed
contests there will be hundreds of other
things to see in the exhibits of
cattle, machinery, automobiles, agricultural
and horticultural displays.
The midway will also be in full blast.**Fireworks Display.**
At 8 o'clock Saturday night the
first of the great carnival of fireworks
displays will be made. This
brilliant and dazzling showing will
reproduce a Venetian carnival, similar
to the one presented during the Elks
convention here. After Monday night
the fireworks displays will not begin

REAL FOUNDATION

President Credit for the
Policy Which Has Made
Empire.New York, October 5.—David Lloyd
George, former prime minister of
England, in an address today at a
luncheon given in his honor by the
United Press association, shortly after
his arrival on American shores, said:
"I claim that the real foundation
of the British empire today was George
Washington. He taught us to be
democratic.""That lesson taught us in the
eighteenth century," he added, "has
been the salvation of the British empire."
He said that Washington had
taught the British government to be
more lenient and he cited, as proof
of this, the case of the Dominion of
Canada.He described in detail the situation
in Europe when America entered the
war, declaring the allies were fighting
the greatest military machine of all
times."Then your boys came over," he
said, "and we owe a debt of gratitude
we never can repay. With your
boys we worked together and that
saved the world.""Europe is now in a desperate
condition," he said. "Fifteen million
have been killed, twenty million
maimed and injured and billions of
dollars scattered."But what would have been the
case if the allies had lost? he asked."At least now there is hope," he
said. "A continent does not recover
in a few days. But Europe will come
back."IRISH DEMONSTRATIONS
ONLY MAR ON WELCOME.New York, October 5.—(By the As-
sociated Press.)—David Lloyd George,
former prime minister of Great
Britain, veteran of seventeen years of
strenuous activity in the labyrinth of
old world politics, came to America
today and experienced a series of
humanly potent thrills in an enthusiastic
welcome given him by the people
of New York.So delighted was the little Welsh-
man who had guided the British ship
of state through the tumultuous years
from 1910 to 1922, that his demeanor
was more often that of an interested
school boy, and of a deeply touched
human being than that of a wise
statesman.The former premier first saw American
soil from the deck of the Mauretania
early this morning. His passage
from the great ocean liner in the
police boat Macon, to the battery,
and thence by motor accompanied by a
cavalcade of other cars to city hall
and through the streets of the metropoli-
s, was well nigh a triumphal procession,
marked only by two minor
street disturbances precipitated by
Irish republican sympathizers.To Canada and to the United States,
Mr. Lloyd George declared he brought,
as Britain's wartime premier, a mes-
sage of heartfelt thanks for their services
in the great war.No Political Status.
He came, he said, with no political
status, and no official credentials but
as a private subject of the crown to

by End of Year, If No

ON HIGHLAND AVENUEBases Opposition on the
Claim That Deficit of
\$678,939.54 Is Now "Star-
ving County in the Face."The "deplorable" financial condition
of Fulton county was revealed
Friday when E. E. Johnson, at a
meeting of the public works committee,
rising in opposition to the proposed
improvement of Highland avenue,
declared that a deficit of \$678,939.54
is "starving the county in the face,"
and that if the county does not
do another lick of work until the
end of the fiscal year of 1923 there
will still remain a deficit of approximately
\$18,000.At a meeting of the county commissioners
Wednesday it was voted to
pay one-third of the city's part in the
paving of Highland avenue from Virginia
avenue to Lanier place plus the
assessment of the Georgia Railway &
Power Co., which agreed to extend
street car service on Highland avenue
4,000 feet and to lay a gas main of
equal distance. This action was taken
by the commissioners and referred to
the public works committee with
"power to act."When the subject was brought before
the committee Friday afternoon
Mr. Johnson rose in opposition to the
plan, declaring that the financial condition
of the county would not permit
such an expenditure. Mr. Johnson
declared that according to figures
of September 1, compiled by the
treasurer, the county at the end of
the year will be in debt to the extent
of \$678,939.54.**Report of Secretary.**
A report made public by Secretary
Henry Wood, of the county board of
commissioners, at the request of Mr.
Johnson, concerning the financial
status of the county, set out that \$2-
643,000 was estimated as the sum
required for the fiscal year of 1923.
According to the report there will be
numerous other expenditures in addition
to these already authorized.The tax digest, as recorded September
1, was estimated at \$2,810,000;
back taxes to be collected, \$40,000;
taxes not on digest, \$25,000; municipal
court, \$120,000; rent from Coker
property, \$8,000; rent from other
sources, \$30,000; cash in treasury August
1, 1923, \$20,000. These figures
total \$2,825,000.40, and subtracted
from the total estimated amount re-
quired for the fiscal year, \$2,643,000,
leaves a deficit of \$18,000.40.In addition to this deficit there will be an
expenditure not provided for of \$275-
000 for road and bridge material.**Additional Contracts.**
Since the compiling of this report
on September 1 there has been ad-
ditional work.The former premier first saw American
soil from the deck of the Mauretania
early this morning. His passage
from the great ocean liner in the
police boat Macon, to the battery,

ered the most important watermelon
market in the United States there
has been no increase in the local
consumption of watermelons within
the last few years and in fact there
may have been a decrease.It is claimed that the price paid
between jobber and the consumer has
increased to such an extent that the

ORIGIN OF TRUCE
IN GERMAN CRISISCoalition Cabinet Seems
To Be Last Hope of
Warring Parties To
Check Chaos.BY THE ASSOCIATED PRESS.
Berlin, October 5.—A resuscitation
of Chancellor Stresemann's defunct
four-party coalition tonight put an
end to the parliamentary crisis, the
mysterious origin of which is only
exceeded in novelty by its baffling
solution, in that the four warring
parties virtually agreed there had
been no ground for disagreement
three days ago and that a revamping
of the coalition was the only way
out of the dilemma.Conservation of party prestige,
enlightenment of public opinion and
concern over political patronage are
declared to have played an unusual
part in the inter-party truce which
was preceded by a day of bickering
and jockeying for position.The coalition leaders apparently
preferred to risk their immediate po-
litical future by giving the four-party
block another try-out to taking a
chance of being eliminated from the
nation's affairs through the advent
of the dictatorship with which they
were threatened.Chancellor Stresemann succumbed
to the partisan onslaught and com-
pletely jettisoned his earlier plan of
defying the reichstag by confronting
it with a restricted ministry of non-
partisan experts, which would have
been invested with extraordinary au-
thority by virtue of dictatorial decree
of President Ebert.**Dictatorship Nearer.**
Predictions around the reichstag ac-
cord the resuscitated coalition a short
parliamentary existence. It is de-
clared the present makeshift solution
will have an inevitable sequel in the
nature of a dictatorial regime, with-
out which it is now commonly be-
lieved an effective salvaging of Ger-
many's chaotic economy is inconceivable.While President Ebert acquiesced
in today's patched-up truce, those
who profess to know his views be-
lieve the head of the republic now is
the only man qualified to assume a
drastic initiative and that he is de-
termined to play an historic role in the
not too distant future.None of the industrial experts with
whom Chancellor Stresemann con-
ferred on the question of entering a re-
stricted cabinet appeared attracted by
the prospect of quarreling with the
reichstag and politely informed the
chancellor that the elimination of par-
liament would be a primary pre-con-
dition to any serious attempt at in-
ternal reconstruction.

Adams, chairman of the republican
national committee, has appointed a
subcommittee to inquire into the
reasonableness of hotel rates in the
various cities bidding for the national
convention of the body, he announced
here today. H. L. Rempel, of Little
Rock, Ark., was named one of the
body to investigate hotel prices.The committee, said Chairman
Adams, "was subjected to rather se-
vere criticism in 1920 because of the
hotel rates which were charged. For
this reason no city is going to get the
next convention that does not give
definite and positive assurance that
hotel rates will be fair and reason-
able."5 MOURNERS DEAD

Portland, Ore., October 5.—Organ-
ized labor showed its interest in
state conservation of "white coal"
today by the adoption of a resolution
bearing especially upon the situation
in California, where, the resolution
declared, the water and power act,
placing state credit back of municipali-
ties in power development, submitted
at the general election in 1922, had
been defeated through the efforts of
private power corporations.Paul Scharenberg, of San Fran-
cisco, one of the proponents of the
resolution, declared it was time to
conserve the country's water power.He charged the private interests in
California had spent half a million
dollars in defeating the water and
power act.The resolution recommended to
"forward-looking citizens in all states
the program of state conservation
through the complete use and devel-
opment and control of the waters of
the state as submitted to California
voters in the water and power act
and for the service of the people at
cost as opposed to corporation de-
velopment and control of water re-
sources for private profit."The resolution declared further
against subsidizing of private corpora-
tions in water power development.General Convention Planned.
President Gompers informed the
convention that a general conference
is contemplated in 1924 in England
to discuss the question of co-ordinat-
ed development of hydro-electric
power in the world, and said that he
was taking steps to assure that a dele-
gation to that conference from Ameri-
ca shall contain representatives of
the government and representatives of
organized labor as well as the dele-
gates from private power corporation."We have arranged to block—so
far as this country is concerned—the
efforts that may be made by private
corporation delegations and to see
to it that deliberations and decisions
of this congress be not left in the
hands of private interests to le-
cidize what shall be done with the
great power resources of the earth,"
he said.The convention went on record as
favoring organization for the elimi-
nation of industrial evils as against en-
tire dependence upon legislation. The
stand was taken after consideration
of the decision of the supreme court
of the United States in holding the
minimum wage law for women un-
constitutional.Rather than make further efforts
for the minimum wage law the con-
vention accepted the suggestion of a
committee to offer a drive to union-
ize the workers affected and obtain
the benefits intended by the law
through collective bargaining.That the federation will not aban-
don interest altogether in legisla-
tion as a weapon was indicated by ad-
option of a section of the report of the
executive council which commits the
federation to legislative program.

GETS COLD WELCOMEExecutive Statement
Clears Air Concerning
Policy Suggested in 1922
by Lord Balfour.BY RAYMOND CLAPPER.
Washington, October 5.—Ideas of
the American Bankers' association on
how to help Europe have met with
a frosty reception at the white house.
At the Atlantic City convention of
the Bankers' association resolutions
were adopted recommending that the
United States take up with Great
Britain and France the question of
adjusting the inter-allied debt in re-
lation to the reparations situation.
Without saying so, the bankers ap-
parently want Coolidge to fall in
with the suggestion of Lord Balfour
that America cancel part of the war
debts of the allies so that they can
in turn let Germany off of that
amount of reparations.On behalf of President Coolidge, it
was stated emphatically at the white
house Friday that such a suggestion
cannot be entertained. President
Coolidge has already said that the
debt cannot be cancelled, though he
is willing to give terms and is not
anxious to press European debtors.This was taken to indicate that some
of the weaker countries may get con-
siderably better terms than Britain.
This statement served to clear the
air because a similar resolution by
the bankers a year ago created gen-
eral uncertainty regarding the gov-
ernment policy until the debt fund-
ing commission negotiated the British
settlement, proving that terms of pay-
ment could be agreed upon.The arrival of Lord George at
New York was another incident which
drew attention here to the European
situation. His endorsement of the
Hughes plan for a commission to fix
Germany's ability to pay brings back
into view an almost forgotten plan.
There is little expectation here that
France will withdraw her opposition
to the Hughes plan and as the sug-
gestion contemplated unanimous
agreement among the allied powers
and Germany, that would seem to
preclude any progress in that direc-
tion.RAILWAY REPAIRER

Constitution Staff Correspondent.
Marietta, Ga., October 5.—(Spe-
cial.)—Deadlocked over Mrs. Ruth
Bullard's alleged part in the at-tempted
murder of her husband, D. D.
Bullard, young Powder Springs farm-
er, the jury that heard her case in
Cobb superior court Friday was or-
dered to judge at 9:25 o'clock Friday
night by Judge D. W. Blair after it
had spent three hours and five min-
utes in trying to reach a verdict. It
will resume its work at 8 o'clock Sat-
urday morning.Testimony of the wounded man's
father, sister and neighbors against
Mrs. Bullard, her own statement in
her own defense, argument of counsel
and the judge's charge to the jury
consumed the day up to 6:30 o'clock
when the jury retired to consider the
case.Edwards Asked New Trial.
Sim Edwards, alleged lover of Mrs.
Bullard and whose confederate she is
charged with being in the attempt
on Bullard's life, was convicted Thurs-
day of assault with intent to murder
him and was sentenced to serve from
two to four years in prison. Ed-
wards' counsel moved Friday for a
new trial, but Judge Blair has not
fixed a date for hearing the motion.When the opposing counsel had
summed up the case, it was apparent
that Mrs. Bullard's fate hinged on
whether the jury found that she was
sleeping innocently at her husband's
side when the murderous shot was
fired or that she had crept out of bed
and unlocked a door through which
the would-be assassin entered.From the bloody imprint of the vic-
tim's hand on the wall, the jury was
told that Mrs. Bullard was trying
in a hideous sort of palsy Friday
night to read the message of the ac-
cused woman's innocence or of her
guilt and shame.The defense contended that the
bloody prints of those wounded fingers
bore out the woman's story of the
shooting; the prosecution that they
bore out the theory of the state.**Seeks Protection.**
The prosecution contends that at
the moment he felt the stinging pain
of the load of shot fired in his face,
the sleeping husband instinctively
threw his hand forward to the pil-
low of his wife in search of protec-
tion.If her head had been resting on the
pillow by his side, the state adds
significantly, Bullard's bloody hand
would have fallen upon her head.But the head of the wife was not
reposing upon the pillow. It is fur-
ther claimed, and in proof of this as-
sertion, that the wife was sitting up
in bed.

ATLANTA-BUFORD ROAD AID URGED

A committee of citizens from Oglethorpe, Chamblee, Norcross, Suwanee, and Buford Friday afternoon appeared before the Georgia Highway board to request that the road from Atlanta to Buford be improved and included in the state highway system of roads, as part of the highway from Atlanta to Gainesville.

The present Atlanta-Gainesville highway goes by way of Decatur and Lawrenceville to Buford, and it was pointed out that the Chamblee-Norcross route is about seven miles shorter.

The highway board, however, was unable to accede to the request of these citizens, by reason of the fact that it has absorbed all the mileage allowed for road construction under both federal and state laws, that its state highway system as now laid out has been approved and recorded in the office of the secretary of state and at Washington, and that it is therefore impossible to undertake any additional highway construction or to change the routings.

Under the federal law, only seven per cent of the post road mileage in the state can be improved under the federal aid program. This seven per

cent has already been allotted in full for Georgia.

The state highway system is also limited to a given mileage under the law, and it was, therefore, pointed out by the board that no new construction projects can be considered until the law is amended to allow for them.

Members of the board expressed themselves as heartily in sympathy with the desires of the committee which waited upon them, but as the desirability of improving the road in question is concerned, but clearly showed its helplessness to undertake any new road construction, outside of that already mapped and approved, for a number of years to come.

There were between thirty and forty citizens who waited on the board for this hearing, which was held at the East Point offices at two o'clock Friday afternoon.

TUCKER IS HELD PENDING PROBE OF ROBBERY CASE

Arrested for investigation in connection with the burglary of the home of Miss Katherine Wright, 305 North Jackson street, H. P. Tucker, giving his address as the Y. M. C. A., admitted, according to detectives, that he pawned some of the jewelry taken from Miss Wright's home.

Tucker claims that he found the articles he pawned, it is said. His story is being probed by the officers, who also are seeking to trace his movements for the last few months, believing, they say, that he can throw considerable light on many recent robberies.

FIREMAN INJURED IN AUTO ACCIDENT

City Fireman P. F. Eastin, attached to engine house No. 5, narrowly escaped serious injury about 9:15 o'clock Friday morning, when the touring car he was driving was wrecked at Decatur and Grant streets by a heavy motor truck operated by Leonard Holmes, of 139 Mills street.

He escaped with minor cuts and bruises, but his car was completely demolished. Considerable damage was also done the truck by the force of the impact.

Witnesses claim that Holmes was driving his truck at an excessive rate of speed, and that he struck Eastin's car as it turned into Grant street from Decatur street.

A charge of reckless driving was made against Holmes and he will be given a hearing in police court Saturday morning. S. J. Hendricks, 54, of 611 East Fair street, the second to be injured by an automobile Friday, was struck down at East Fair street and Boulevard by a car driven by Charles Zinn, of 12 1-2 Carroll street.

Surgeons at the Grady hospital, where Hendricks was carried for treatment, stated that his injuries were of a minor nature, and he was allowed to leave after a few cuts and bruises were dressed.

Call Officers Odus Hewell and George E. Lee made a charge of reckless driving against Zinn, and the case is set for 8:30 o'clock Saturday morning in police court.

Miss Tessie Rickerson, of 50 Tumbler street, was reported Friday night by surgeons at the Atlanta hospital to be "holding her own," and hopes now are entertained for her recovery.

She was injured while a passenger on an inbound Cooper street car. She is said to have leaped out of the window and an out-bound Whitehall street car struck her head, fracturing her skull.

Deepstep Man Hurdled To Death From Buggy As Horse Runs Away

Deepstep, Ga., October 5.—(Special.)—J. A. Worsham, 65, died Wednesday night of injuries sustained when he was thrown from his buggy by a runaway horse. Mr. Worsham was returning from a fishing trip when his horse was frightened on the Dixie highway some distance from his home.

Mr. Worsham leaves a widow, three sons and two daughters: J. L. Worsham, L. D. Worsham, Mrs. J. O. Brown, Mrs. Tom Ezell, all of near Deepstep, and J. L. Worsham, of Milledgeville. Funeral services were held at Poplar Springs church yesterday afternoon. Rev. Oriwood, of Sandersville, officiated.

"Big Biz" Ought To Cooperate, Is Plea of Magnus

Chicago, October 5.—More love is the need of the hour, Magnus Johnson, senator-elect from Minnesota, told a large gathering of prominent Chicago business men at the meeting of the Executives' club here today. He appealed for the cooperation of big business.

"It wasn't only the farmers who revolted in Minnesota at the last senatorial election," he said; "the bankers, business men and professional men revolted with the farmers. Ninety-eight per cent of the bankers in my home district were for me. I am carrying a message from the business men and professional men of the small town. For the farmer, the business man of the small town, the little banker, each is nothing more than a labor man. Gentlemen, it is up to you to join us, let us reason together and cooperate together. I believe in the golden rule as taught by the lowly Nazarene. There is no better text for any preacher, and it shall be my text."

Note From Coolidge To Youngest Cousin Tells Relationship

Crawfordsville, Ga., October 5.—(Special.)—Calvin Coolidge Edwards, aged 1 month and 21 days, is probably the youngest person in the United States engaged in a correspondence with the American president. Of course, it's a one-sided correspondence as yet, but when young Calvin is old enough he will probably answer the letter sent to him recently by the president.

The baby is the son of Rev. and Mrs. J. T. Edwards, of Bloxom, Va. Rev. Edwards is a son of the mayor of Crawfordsville, G. T. Edwards.

The letter follows:
"The White House,
Washington, September 13, 1923.
"My Dear Calvin Coolidge:
"Your father writes me that you arrived in this world on August 14, and he tells me enough about your ancestors to convince me that you are in some degree a cousin of mine; for he says you are a descendant of that Lucius Coolidge who gave his name to Coolidge Corner in Brookline. Inasmuch as he was also a kinsman of mine, it is evident that you and I are related."

"I wish you would extend my compliments to your father and mother, and accept for them and yourself my sincere hope that you may remain in this world a goodly span of time, and live to honor the ancestors in whom I am sure both you and I will take pride."

"Most sincerely yours,
"CALVIN COOLIDGE"

The bridge contemplated will cost about \$75,000, and 27 per cent of the cost will be borne by Cook county and the remaining 73 per cent by Brooks county.

HELP FOR FARMERS KIWANIS CLUB AIM

Louisville, Ga., October 5.—(Special.)—A program to encourage farmers of the county and this section toward a surer plan of prosperity was the feature of the Kiwanis' meet this week.

Mr. Ferguson, manager of the Citizens and Southern bank of Augusta, was present, and advocated the "Turner county plan," and spoke of the great opportunities of this section of the state as compared with Turner county, saying that the natural resources here are as good as there.

E. B. Gresham, of Waynesboro, spoke of boll weevil control. Mr. Gresham has charge of the experiments in Burke county as one of the fifty counties in the state in which these experiments are being carried on, under the direction of the State College of Agriculture at Athens. These experiments, while not yet concluded, having begun with preparations for planting and run through gathering season, show that poisoning pays and is necessary to raise cotton under boll weevil conditions.

LITTLE RIVER BRIDGE TO BE CONSTRUCTED

Quitman, Ga., October 5.—(Special.)—Just before the all-day session of the county board came to a close, the county commissioners of Cook county arrived unexpectedly, accompanied by the clerk and county attorney and Engineers Furlow and Shanahan, of the state highway department, to take up again the matter of the joint construction of a bridge over Little river.

These commissioners were here at the last regular session of the county board to see, if possible, if a new modern bridge could not be built across Little river, the county line bridge north of Barner, on the highway from Quitman to Adel and the north.

The Cook commissioners stated frankly at that meeting that they did not have the funds necessary and it would be necessary for them to return home and see how the proposition could be financed.

At a called meeting of the Cook county board it was decided that the bridge proposition could be financed satisfactorily and the members of the commission immediately came to Quitman and the situation was discussed.

The Cook county commissioners left a resolution with the Brooks county board, which will be passed at its next regular meeting. The Brooks county board will also pass a similar resolution when it meets on October 17, and then advertisements will be inserted in the two county newspapers asking for bids from contractors.

The bridge contemplated will cost about \$75,000, and 27 per cent of the cost will be borne by Cook county and the remaining 73 per cent by Brooks county.

TRAIN IS WRECKED BY STRIKING LOGS IN SPARTA YARDS

Sparta, Ga., October 5.—(Special.)—Passenger train No. 31 on the Georgia road, due here at 9:40 this morning, was wrecked when it struck a log car as it left the yards. The log car was thrown across the track and blocked the way for several hours, until a wrecker could come from Augusta. Officials said that the logs on the car did not clear the track and the locomotive struck them before the engineer could stop the train. The passenger train was delayed here about three hours. The locomotive and the car were damaged slightly.

ENDEAVOR MEETING OPENS IN ELBERTON

Elberton, Ga., October 5.—(Special.)—With more than 475 delegates present, the three-day meeting of the Northeast Georgia Christian Endeavor union was officially opened here tonight at the First Presbyterian church. Dr. James H. Bartfield, of Monroe, was the principal speaker at the first service. Dr. B. A. Forrest, president of the Toccoa Falls institute, also addressed the gathering.

Following the service at the church, the visiting delegates were welcomed at a social given on the lawn of the "Auld Home."

Sixty societies are represented at the meeting, twenty of them having registered more than ten delegates each. These will be presented with penants for their showing.

Saturday's program will include addresses by a number of prominent Endeavor leaders, an automobile tour to the granite quarries, and the annual banquet. Speakers for the day have been announced as follows: Dr. E. B. Quick, of Atlanta, regional secretary of the United Christian Missionary society; Dr. M. B. Miller, pastor of the First Christian church of Athens; Southern Secretary Charles F. Evans, of the United Society of Christian Endeavor, of Boston, Mass.; Rev. Taylor Morton, pastor of the Presbyterian church of Winder, is conducting the devotional meetings.

Savannah, Ga., October 5.—(Special.)—After raiding the place seven times with no results, the police located today a neat liquor cache in a West Bryan street place, the owner escaping through a rear door while officers investigated a big gasoline tank. The tank, on the top, had gasoline, as usual, but beneath a false division bottom contained twenty odd gallons of whiskey, which was siphoned as needed through the gasoline by means of partly concealed rubber tube.

The Tireless Mule

Imagine a mule endowed with the strength of 20 mules—a mule that could pull several gang plows or a string of loaded wagons—a mule that could go doggedly on, at a good gait, from dawn to dark and never stop to rest—what couldn't that mule do to put new spirit into a farmer's heart and plentiful dollars in his pocket!

THE FORDSON TRACTOR is 20 tireless mules—and more. Moving with its vast, concentrated energy, it hauls anything that runs on the ground or plows through the ground—hauls singly or in batteries; anchored, it serves as an inexpensive vimful engine to run any and all kinds of power machinery.

It has raised agriculture to the magnitude of manufacturing, doubled the farmer's profits, shortened his labors and lengthened his life.

Agriculture rests upon capital's support. This bank has supplied vast financial reinforcements to Georgia's agricultural enterprises for three generations.

PARKER THANKS PAPERS FOR AID IN JAP CAMPAIGN

Coincident with announcement that Atlanta's quota of \$12,000 for the Japanese relief fund had been completed, Robert S. Parker, vice chairman of the Atlanta chapter, American Red Cross, issued a statement thanking Atlanta newspapers and, through the press, the public of Atlanta and Georgia for the generous spirit manifested in the campaign to relieve the suffering in Japan following the recent series of disastrous earthquakes.

Mr. Parker, in his letter to The Constitution, said: "Several weeks ago the Atlanta chapter of the American Red Cross undertook to raise for the Japanese relief fund the sum of \$12,000, which had been fixed as Atlanta's quota. That sum has now been raised. I feel that the success of the chapter in its efforts to raise this fund was directly due to the splendid cooperation of the Atlanta newspapers. Space was unsparingly given, and great intelligence shown in the handling of the news. I am asked by the executive committee of the chapter to write this letter to the three newspapers, expressing our profound appreciation for the help which was given. "I also take this occasion of asking you to express, through your columns, the thanks and appreciation of this chapter and of the National Red Cross for the generous contributions which were made by the public."

MEAT FOR HEALTH

DISHES PREPARED FROM THE ROUND OF BEEF.

Round Steak (browned)—Round steaks are usually pan-broiled. The pan must be very hot, and the cooking done quickly to retain the juices. The meat should not be seasoned until after it is cooked. No fat should be added to the pan, but the addition of a little butter to the finished

meat improves its flavor. Prompt serving is most important with round steak, as it toughens by standing even for a few minutes. Round steak is sometimes cut in thin pieces, dipped in milk, then rolled in crumbs and fried in beef fat. An economical method of preparing round steak is to pound flour into it, then brown in drippings and add onion and soup stock or strained tomato, put a light cover over the steak and simmer for 40 or 50 minutes. An excellent substitute for breaded veal can be prepared from the round, which should be thoroughly pounded, dipped in egg and seasoned crumbs, browned well in fat and then simmered in stock or milk until it is tender.

Beef Rolls—To make little beef rolls, round steak is cut into strips and well pounded. Bacon, onion or olives and other seasonings may be added if desired. The beef rolls are held in shape with toothpicks, floured, browned and stewed until tender. They are also served acceptably with brown rice. The round can be stuffed and baked. It is often used for pot roast or Swiss steak. More different dishes can probably be made from the round than from any other cut. The so-called Minute Steak of public restaurants is a very thin round steak, quickly cooked and served piping hot.

Baked Beef with Vegetables—Cut a pound and a half of round, chuck or flank steak into strips and roll in flour that has previously been seasoned. Prepare a cup each of sliced onions and sliced carrots. If the latter are old, first boil them for 15 minutes, drain off the water, blanch in cold water and remove the skins. Select a large baking dish or meat pan and put in alternate layers of the meat and vegetables. Add a half cup of diced salt pork and a generous dredging of flour. Put in enough water to cover and bake for one hour and a half. Then cover with halved potatoes and bake.

Mock Duck—Serves 6 to 8. Time to prepare, one hour. Put two pounds of beef from the lower part of the round through the meat chopper. Season with salt and pepper. Flatten it into an oblong shape, and spread

together, turn it into a baking dish, place thin slices of salt pork over the top, and bake it for from 40 to 50 minutes. In making potato stuffing use 2 cups cold mashed potatoes, 1 egg beaten, 1 small onion, finely minced, 1 tablespoon butter, pepper, 1 stalk celery, finely minced, or 1-2 teaspoon celery salt, 1 teaspoon salt. Farmer Steak—Pound flour into both sides of a round steak, using as much as the meat will take up. This may be done with a meat pounder or with the edge of a heavy plate. Fry in drippings, butter, or other fat in a Scotch bowl, or if more convenient in an ordinary iron skillet or a frying pan; then add water enough to cover it. Cover the dish very tightly so that the steak can not escape and

allow the meat to simmer for hours or until it is tender. Advantage of this dish is that order is ready to serve when the is done, as the gravy is already used. However, if a large amount of fat is used in the frying, the may not be thick enough and m blended with flour.

Spanish Beefsteak—Take a of round steak weighing two and about an inch thick; pour til thin, season with salt and pepper, cover with a la bacon or salt pork, cut into slices, roll and tie with a cord, around it half a cupful of milk half a cupful of water. Cook hours in a covered baking dish, ing occasionally.

DECRIES ATTACK
ON EDMONDSON

Thomson, Ga., October 5.—(Special.) In this week's issue of the Columbia Sentinel, the newspaper formerly edited by the late Senator Thomas Watson, and which continues the leading newspaper exponent of the policies of Senator Watson, Mrs. Alice Louise Lytle, the owner and publisher, makes the following signed statement:

with reference to Grover C. Edmondson, who has been the editor of the paper since shortly after Senator Watson's death:

"Never was the old adage of 'man's inhumanity to man' shown more clearly than in the reports circulated by the Atlanta politicians who are squirming under the probe being made into the department of agriculture, in the horridly unkind things said of Mr. Grover C. Edmondson, who has so ably edited The Sentinel for more than a year.

"Mr. Edmondson is recovering; he has been subjected to two surgical operations. His name was taken from the mast head for the reason that, under a fool law put in operation during the term of office of the P. M. G. Burleson, every article in a paper was held to be the article of the editor whose name was cited at the mast head of the paper.

"During the time of Mr. Edmondson's illness, I have, personally, assumed entire editorial charge of the paper.

"The articles printed are mine; it would not be fair to have them credited to Mr. Edmondson, even though my limitations are so apparent, as to make it unnecessary to take the responsibility for them.

"As soon as Mr. Edmondson is able he will resume his editorial duties.

"ALICE LOUISE LYTLE."

This statement will set at rest rumors that have been persistently circulated in the state that Mr. Edmondson is no longer connected with the Sentinel, or that he will not be in future; and also the rumors that Mr. Edmondson's recent confinement to a hospital in Savannah was due to other than serious illness necessitating two major surgical operations. People in Thomson and through-

out Georgia who know the facts, and the desperate condition Mr. Edmondson has been in due to appendicitis, complicated with other intestinal troubles, resent the insinuations of political enemies of his and of the late Senator Watson, that his confinement in the Savannah hospital was due to any but a most distressing physical condition for which he was in no way responsible.

Our Sales of BREAD in one year over 150 million loaves. If placed end to end would reach entirely around the continent of North America.

We sell in one year 385 million lbs SUGAR. The barrel necessary to hold this amount would be large enough to contain 12 buildings the size of the White House at Washington.

Annual Sales of SOAP 310 Million cakes. If laid end to end would encircle the Earth at the Equator.

Our Annual Sales of POTATOES 470 million lbs. would fill a freight car as long as Madison Square Garden, N.Y. City & nearly as high as the Metropolitan Tower.

11 Million lbs. TEA would make 225 million gallons. A fleet of battleships could float in a cup. That's what this would fill.

A. & P. COMPANY 64 YEARS OLD

Today, Saturday, marks the sixty-fourth anniversary in the life of the Great Atlantic & Pacific Tea company, and more than fifty stores in Atlanta and vicinity are celebrating the occasion by offering their stocks at greatly reduced prices as one way of expressing appreciation, local officials state, of the patronage of the public which has resulted in the growth of the company from one small store in 1859, to 8,500 stores in 1923.

In a statement by B. F. Vinson, general superintendent for the company in the southern states, interesting bits of history concerning the growth and development of the Great Atlantic & Pacific Tea company are brought out. The statement shows that the company now has 32,500 employees in 8,500 stores scattered throughout the United States, owns and operates 10 gigantic bakeries, 4 salmon canneries in Alaska, 21 mammoth warehouses, 8 coffee roasting plants and 15 other manufacturing plants—the entire output of these establishments being handled exclusively through the string of company stores.

Mr. Vinson's statement brings out that the combined annual milk sales of the stores amount to 90 million cans which, if placed end to end, would equal the distance between New York and the Hawaiian Islands; that 375 million eggs are sold each year; that 225 million sacks of flour, or enough to bake 6 billion biscuits is the annual combined sales. An oven 75,000 miles long would be required to bake this output of biscuits at one time. A fleet of battleships, it is said, could float in the 225 million gallons of tea which could be made from 11 million pounds of tea each year. Twelve buildings the size of the white house could be placed in a barrel large enough to hold the 285 million pounds of sugar sold by the

A. & P. stores, and the \$10 million cakes of soap sold each year would encircle the earth at the equator, it is claimed. Many other similar and interesting comparisons were made in Mr. Vinson's statement.

The superintendent for the southern states that the south is "taking to the A. & P. Stores" and explains the statement by declaring that during the past twelve months the number of stores of his company in the south has jumped from 75 to 190 and expresses the opinion that the increase will be even greater next year.

Mr. Vinson highly praised the efficiency of officials and others connected with the chain of A. & P. stores in the south and attributed much of the remarkable growth of the company's business to their efforts.

O. I. Black is superintendent in charge of Atlanta stores; Scott Johnson, sales manager; M. D. Tubbs, in charge of the big Atlanta warehouse, and R. W. Barton, buyer.

**STANDING TRAFFIC
COMMITTEE URGED**
A resolution providing for creation of a standing traffic committee whose duties would consist of handling all matters relating to traffic laws, problems pertaining to parking of automobiles and sundry other details, was reported favorably by the ordinance committee of council at its session Friday afternoon.

The resolution stipulates that the special traffic committee composed of Councilman James I. Wells, chairman; Councilmen W. C. Jenkins, T. Frank Calloway, J. A. Beall and Harry York, which was appointed in the summer of 1922, be continued until the first of the year when the mayor will appoint all new committees for 1924.

Favor Couch Ordinance.
At its same session the ordinance committee voted favorably on a measure by Councilman J. A. Couch providing that live stock can not be kept in stables or barns higher than the first floor; a resolution providing that street car stops at Peachtree and Poplar streets be south-bound, and northbound cars at Peachtree and Luckie, be discontinued, and that the city designate a parking place for all taxicabs and make them stay there.

Councilman R. F. Pennington appeared before the committee and declared he would not introduce at this time, as he previously intended, an ordinance governing the exclusive parking of taxicabs on the streets of Atlanta. He denied that the intent of his proposed measure was drawn with the idea of creating a monopoly of taxicabs on parking positions in the city, but that such regulations were intended to increase Atlanta's traffic facilities.

"It is my intention to introduce this measure at a later date," declared Councilman Pennington, "but believe firmly that such regulations would enable the city to handle its traffic with greater dispatch. This business of having taxicabs parked at every street corner and intersection is causing considerable confusion. Let the city designate a parking place for all taxicabs and make them stay there."

Boxing Commission.
Councilman Harry York informed the committee that he would introduce in the near future an ordinance creating a boxing commission in Atlanta whose duty it would be to regulate this sport and prevent "frame-ups" or advertisements of certain bouts without first being assured that they would be staged.

"This commission should be composed of five prominent citizens," said Councilman York, "who would supervise the boxing game in Atlanta and prevent such matches as the disgraceful exhibition in Columbus Thursday."

"My ordinance will stipulate that five citizens, a reputable physician and four business men who are all around good fellows, to handle these details. I would have any member of council or newspaper write writers from serving on it," he added with a laugh.

**Wife Slays Self
In Fit of Grief
As Mate Seized**
Athens, Ga., October 5.—(Special.) An Athens woman, Mrs. Elizabeth Dillard, is in jail in Birmingham, Ala., with B. B. Berry, both defendants in a case in federal court, and the wife of Berry is a suicide, the result of Berry's alleged affair with the former Athens woman.

Mrs. Berry killed herself Tuesday in Birmingham, leaving a note asking the church to adopt her three children, "clothe, feed and educate them, as I am unable to do so."

The note was addressed to the Southside Baptist church in Birmingham. Relatives said despondency over her husband's arrest with Mrs. Dillard caused Mrs. Berry to end her life.

Investigations made here some weeks ago by a private detective led to the arrest of Berry and Mrs. Dillard, it is said. Berry is said to have come to Athens and left with Mrs. Dillard. The case federal charges in Nashville, Tenn.

Southern Railway To Provide Copies Of Constitution

Passengers on Southern Railway trains leaving Atlanta each morning will be furnished copies of The Constitution, according to announcement Friday by J. C. Bean, general passenger agent of the road.

Mr. Bean has given orders for copies of the "south's standard newspaper" to be placed on dining cars on Southern train No. 2, leaving Atlanta at 6:25 a. m. and No. 34, which leaves the city at 8 o'clock a. m., so that passengers may have the morning newspaper at the breakfast table just as they do in their homes.

In announcing the new departure Mr. Bean stated that he "felt peculiar" when he missed The Constitution and that he believed his passengers would "feel better" after reading this paper.

The decision to furnish copies of Atlanta's morning newspaper to passengers is another step toward a system of special service characteristic of the Southern railway policy.

100 Traffic Law Violations Tried At Police Court

Speed and no alibi marked trials Friday afternoon in recurring series of more than 100 traffic law offenders. Fines ranged from \$3 to \$50, coupled with jail sentences in some instances.

"Traffic law violations have got to stop in Atlanta," said Judge Johnson, who intended to enforce every law on the statute books regarding the handling of traffic in Atlanta in the interest of speed and safety of Atlanta.

"Take this and \$—fine," repeated the judge dozens of times during the long trial of the cases, as he handed out crisp new copies of Atlanta traffic ordinances. "There are three things every automobile owner should know—his license number, his motor number and the traffic laws. The greatest of these is the Atlanta traffic regulations."

**HUNDRED BLAZES
LOOM AS MENACE
TO MYRIAD HOMES**
St. Paul, Minn., October 5.—Hundred of brush, peat bog and small timber fires were burning in the woods of Minnesota and northwestern Wisconsin Friday. A smoke haze, hanging over all eastern and most of northern Minnesota and across Wisconsin near Lake Superior, partially hid the sun from view here.

Several hundred men are fighting the flames throughout the north woods, according to W. C. Cox, state forester, who returned Friday from that section.

Heavy frosts have turned the forests and grassland into a vast tinder box, which, before a brisk wind, become roaring furnaces, and a spark sets started. The huge estate of the crew company, west of St. Paul, which is covered with tall grass, appears doomed.

Until snow flies the people of the north country will be in constant fear of a repetition of the holocaust of 1918, when thousands of lives were lost as forest fires swept through the Duluth section.

**Executor of Estate
Of Harding Makes
Bond of \$700,000**
An executor's bond in the sum of \$700,000 was recently issued by the Massachusetts Bonding and Insurance company on behalf of Charles B. McArthur, of Marion, Ohio, executor of the estate of the late President Warren G. Harding. Announcement of the issuance of the bond was made Friday by Tilton Forbes, resident manager of the southeastern department of the Massachusetts Bonding and Insurance company.

The large bond necessary is splendid evidence that the late president not only "preached" truth, but "practiced" it, and that during his brief time he accumulated an estate of approximately \$750,000.

**Cuban Smuggling
Drugs to Atlanta,

Illicit narcotics are being distributed in Atlanta by a Cuban, driving a high-powered automobile, who makes weekly trips here from Florida, federal officers were informed Friday from an apparently authentic source which they refused to divulge.

The dope is delivered to an organized gang of peddlers in Atlanta, and is thus distributed among addicts. The narcotics are said to be smuggled into the United States from Cuba and Mexico, landing at a point in Florida where it is taken in charge and distributed to various cities.

Officials of the local narcotic squad refused to comment on the disclosure.

Liberty Bonds Worth \$22,000
Uncovered in Pasture.**
Johnsboro, Ill., October 5.—The town marshal here is thinking of deputizing an old hindle cow. The creature was strolling aimlessly in her pasture Friday when her hoof uncovered \$22,000 in Liberty bonds which had been concealed in the soft earth.

The bonds were identified as lost taken in a holdup of the Elksville, Ill., State bank in August, 1919. Four bandits had been captured two months later but refused to disclose whereabouts of the bonds, which now have matured coupons valued at \$3,000.

BERRY LIVE STOCK SHIPPED TO FAIR

Constitution Bureau.
T. J. Bryson, Mer. Phone 184.
Rome, Ga., October 5.—(Special.)—The Berry school's live stock exhibits for the Southeastern fair in Atlanta have been shipped. Many of the school's former prize-winning Jerseys are in the lot, among others, Whitehall Rose, grand champion cow of last year's fair, and Leda's Whitehall Raleigh, a splendid 3-year-old bull, sired by the famous Leda's Raleigh, a three-times grand champion.

Maxine's Jolly Raleigh, a yearling bull, is being sent also, is a son of Maxine Raleigh, a two-times grand champion ship winner at the Southeastern fair. The Berry school's entries will also include a carload of Duroc Jersey farrows, which will be sold at the close of the Atlanta fair.

Win Trip to Chicago.
Rome, Ga., October 5.—(Special.) Miss Sally Holcombe and Miss Flora Long, of Haralson county, will go to the International Live Stock show in Chicago this fall as winners of the seventh district girls' canning clubs' contest. Their victory in the four-day meet at the Floyd County fair here has just been announced.

Carroll county won second place in the contest, while third honors went to Floyd county's representatives.

"Negro Day" at Fair.
Rome, Ga., October 5.—(Special.) "Negro day" at the Floyd county fair brought to this city today the largest gathering of colored people almost Georgia has ever seen. The fair grounds were turned over to them for the day, and a special program arranged by them was put on.

The festivities began early in the day with a parade headed by an imported brass band and composed of decorated automobiles, industrial and farm floats.

What many consider the most unusual float ever to appear in a parade here was one of the half dozen "possums," well leashed, a small person, dressed in a "possum" suit, fastened to the tree. The dogs were not placed upon the float until the parade was about to move and their baying drew the attention of the crowd.

The attendance at the fair yesterday at "Homecoming day" was easily the best of the week so far. There were more than 6,000 paid admissions and hundreds were admitted free because of participation in the "Homecoming" exercises.

Why He Lost Race.
Rome, Ga., October 5.—(Special.) John Graham, president of the National City bank, and Wilson Hardy, president of the Citizens' National bank, who staged a foot race at the fair grounds yesterday afternoon, are nursing more than their share of sore muscles today, they announce. Mr. Graham attributes his having lost the race to the fact that he is 50 years of age, while Mr. Hardy is 9 years younger.

Ten Girls on Float.
Rome, Ga., October 5.—(Special.) On the shorter college float, which won second prize in the fair parade here yesterday afternoon, were ten Georgia girls, coming from almost every section of the state. Three of them, Misses Mary Sue Jones, Evelyn Sheffield and Mary Morris, are from Atlanta. The others were Elizabeth Turner, of Columbus, Elizabeth Everett, of Fort Valley; Ora Upshaw, of Georgia, and Harlan, of Commerce; Sarah Dixon, of Richmond; Mary Laura Harris, of Cordelle, and Virginia Bradford, of Swainsboro. The girls, who were all representatives of the Shorter publications, were in the college colors, gold and white.

The Rotary club float was chosen the best float in the parade.

Praise for Poultry.
Rome, Ga., October 5.—(Special.) The poultry exhibits at the Floyd County fair here, are characterized by W. C. McCoy, poultry expert of the State College of Georgia, as being the best he has seen anywhere in Georgia. Mr. McCoy is also of the opinion that the Floyd County fair is far ahead of any other county fair in the entire state.

Dr. Blocker Returns.
Rome, Ga., October 5.—(Special.) Dr. D. J. Blocker, president of Shorter college, who has been in Atlanta attending a conference of Shorter trustees and other officials, returned home tonight.

New City Judge.
Rome, Ga., October 5.—(Special.) Judge John P. Bale succeeded Judge W. J. Nunnally as judge of the Rome city court at midnight tonight. Judge Bale was elected last fall over Judge Nunnally, who has held the office for a number of years.

Fractures Leg.
Rome, Ga., October 5.—(Special.) J. N. Hay, a farmer at Athens, sustained a double fracture of his left leg this morning when a log he was hauling rolled off his wagon. He was brought to a local hospital and given attention by Drs. Shaw and Simmons.

Miss M. Green Dies.
Rome, Ga., October 5.—(Special.) Miss Margaret Green, 84, died at her residence, 537 South Broad street, last night after a long illness. The funeral will be held tomorrow morning and the body will be taken to Calhoun for interment.

BERRIEN IS TAKEN TO NEW YORK CITY TO FACE CHARGES

R. N. Berrien, Jr., arrested in Atlanta Thursday on charges that he had misappropriated \$5,000 in funds entrusted to his care by a New York bond house, was speeding back toward that city in the custody of Detective Frank J. Farley, of New York.

Berrien, who has been convicted on charges of misappropriation approximately \$3,000 of state school warrant money entrusted to him for disbursement by the state of Georgia, is out under \$15,000 bond on that charge while his case awaits final settlement in the state court of appeals. It was stated by detectives of the Bowdler National Detective Agency here that the convicted Atlanta broker has since opened an office on Wall street, New York, where he represented that he was in close touch with the municipal bond market in the south.

On the strength of his assertions in this respect, he is said to have secured more than \$25,000 from various bond houses, to be invested in this class of security. One of these houses, the W. R. Compton company, is the firm which brought about his arrest here in New York. New York Berrien stated that he took the \$5,000 cash proceeds of the Compton check in order to bid on a bond issue at Laurens, S. C., but that the money was stolen from under his pillow while sleeping in a small hotel in South Carolina. He is said to have refunded sums to other bond houses which had also turned funds over to him.

Berrien was arrested on the charge of misappropriating the Georgia state school warrants and tried on one of several indictments. He was found guilty and sentenced to from three to seven years in prison. He appealed the case and it is now pending action of the court of appeals. Pending this appeal he was at liberty under \$15,000 bond signed by his aunt, Miss Fannie Berrien, of Rome, Ga. Should he be convicted on the new charge in New York, and he held there when the time comes for his surrender to Georgia authorities, interesting complications are possible, including the possibility of the bond being forfeited to the state.

**SHORTAGE CLAIMED
IN THE ACCOUNTS
OF SATTERFIELD**
L. Leroy Holcombe, auditor, Friday filed with the state prison commission a summary of his audit of the books of J. L. Satterfield, former bookkeeper at the state prison farm at Milledgeville. Satterfield, disappeared several years ago, following the discovery of discrepancies in his accounts as agent for the Central of Georgia railway at the prison depot, which post he held in addition to his work as bookkeeper.

After his disappearance, the prison commission ordered the audit made. It is shown in all the accounts, Satterfield is short in his accounts, \$804.08. Of this, \$457.40 represents the shortage in the railway agency accounts, and \$346.68 improperly taken from the state farm funds.

It is understood that Satterfield's family has made arrangements to make good the shortage.

SKULL FRACTURED IN AUTO ACCIDENT

Miss Ethel Stephens, 22, of 53 East Merriitts avenue, was in Grady hospital early Saturday morning, believed to be dying from a fractured skull received in front of her home late Friday night when she fell from the running board of a slowly-moving automobile in which she had been riding. The injury was received about 11:30 o'clock Friday night, but her condition did not become serious until she was removed to the hospital at 1:40 o'clock Saturday morning.

The accident occurred as she was saying goodnight to companions with whom she had just taken a ride to Lakewood park. Witnesses said that she was standing on the running board of the stopped car, and that as she said "goodnight," the driver, Ivey Ellis, slowly started off. She fell to the sidewalk.

Other occupants of the car who made the trip to Lakewood park were Miss Ivey Stephens, 19-year-old sister of the injured young woman, and Elisha Morris.

A farm in New York has been devoted to the raising of zebras.

\$12,500 VERDICT GIVEN INSPECTOR FOR LOSS OF ARM

A verdict of \$12,500 damages was awarded by a jury in Judge H. M. Reid's division of court Friday to R. M. Carter, former train inspector for the Central of Georgia railroad, for injuries sustained January, 1922, which resulted in the loss of his arm. Mr. Carter was represented by Attorneys Sam Hewitt and John Dennis. The railroad was defended by Attorney Marion Smith.

**Cornerstone Laid
For Junior High
School for Negroes**
The new Booker T. Washington junior high school for negroes, located at the corner of Ashby and West Hunter streets, was officially dedicated Friday afternoon with appropriate cornerstone-laying exercises. Dr. Joe P. Bowdoin, grand master of Georgia Masons, officiated at the exercises. W. L. McCalley, Jr., chairman of the finance and building committee of the board of education; Dr. Plato T. Durham, of Emory university, and John Hope, president of Morehouse college, were among the speakers.

Admitting that she had taken \$12,020.13 which had been entrusted to her by Frank Carter, proprietor of the Broad Street store, at 78 South Broad street, Mrs. Helen O'Connor, former cashier, Friday was bound over to the superior court under a \$2,000 bond by Judge T. O. Hathcock, of the municipal court of Atlanta.

In her confession, the young woman said she took the money at the suggestion of Charles Gossett, of Decatur, who, she charged, kept more than \$700 of the amount. Gossett is at liberty under a \$2,000 bond for trial in the municipal court under a warrant.

Miss Juanita Fleming, sister of Mrs. O'Connor, was held for further investigation by detectives. She was arrested with her sister in Jacksonville, Fla.

What Germany's Surrender In the Ruhr Means

Is it a real surrender or merely a German "strategic retreat" to another Hindenburg Line of economic resistance? That is the doubt that colors much of the editorial comment on "the most important news from Europe since the signing of the Armistice." On all sides Germany's discontinuance of the policy of passive resistance is held as a triumph for the French policy of armed occupation of the Ruhr district.

The leading article in THE LITERARY DIGEST this week presents public opinion from all angles as it is shown in England, America, France, and Germany. In Germany, the people are reported in an angry mood. France's attitude seems to be "wait and see." In England, there is a feeling of relief and a prediction that any distrust that may have grown up between Great Britain and France will soon be dissipated. If you would get an all-sided understanding of this outstanding development in European affairs, by all means read THE LITERARY DIGEST this week. Other news-articles of great interest are:

What Pictures Would You Like to See On the Screen?
Most motion-picture exhibitors are first of all business men. They are animated by the same desire that men in other businesses are. They are selling a product to the public—entertainment—and the more popular their entertainment is the more successful their business. They wish first of all to give the public what it wants, and if they knew definitely just what it did want their cares would be over. Therefore, it is up to the public to let the manager know what it wants. If you wish to see a certain picture, make your wish known to the manager, write him a card, or better yet, ask at the box-office when such and such a picture will be shown. You are sure to get action.

While there are thousands of theaters now showing "The Literary Digest Fun from the Press," it may not have been shown in your locality. Tell the local manager about it and we are certain that before you have seen this little reel you will congratulate yourself for having made it possible for yourself and friends to have had ten minutes of clean fun, produced by The Literary Digest. Lakewood Oval Ready for Big Auto Races Today

Entry List Includes Many Star Drivers of All Parts of United States and Europe

The Southeastern Sweepstakes Is Main Event On Program—City Championship Race May Be Staged.

With half a score of experienced workmen putting the finishing touches on the famous red Southeastern fair oval yesterday afternoon, everything is in readiness for the Lakewood automobile races to open the bang-up program slated for the big fair this year.

In the past the fame of the Atlanta course has been scattered far and wide, but the management claims that this year the entry list includes a field of starters the like of which has never before been seen on a southern race course. The entry list is not made up of a few individual stars, but consists of a group of the best known and the most famous drivers in the game, almost all of whom are well up in the list of point getters for the various championships given out by the International Motor Contest association, the dirt track controlling body.

Burr Lampkin, famed British driver and the Dominion champion, stands at the head of the list but local race fans and speed bugs think that he will find real competition in the form of Ray Claypool, late Oriental driver, who will pilot a Premier Special, and in Larry D. Stone, former dirt track champion who will wheel a Durant Special.

Clex Scales, world champion Ford driver, and Jack Petticoat and his Essex Straw Streak are picked to head the list of winners in the light car events, but will have Joe Collins pilot a Beaver Special and Robin Hood, Gray Dorr pilot, as competition. Several local drivers have expressed a desire to drive in the events and the fair officials are trying to frame a race whereby the local men may put on a special spectacle for the Atlanta fans. Two more entries are all that are required for an event of this kind.

The Southeastern sweepstakes, an I. M. C. A. championship race, is the main event on the card and will be run in three heats due to the fact that rules do not permit the running of more than eight cars on the oval at one time. The match race between Lampkin, Claypool and Stone is also a championship event and it is attracting unusual interest in the racing clique.

The complete program of events is as follows:

Event No. 1.
Light car race, rolling start, distance 5 miles.
Driver: Claypool, Petticoat, Gray Dorr, Stone, Hood, Deussenberg, Collins.

Event No. 2.
Championship race, from a flying start, distance 5 miles.

Name of Car Driver
Peugeot Lampkin
Earl Special Petticoat
Durant Special Stone

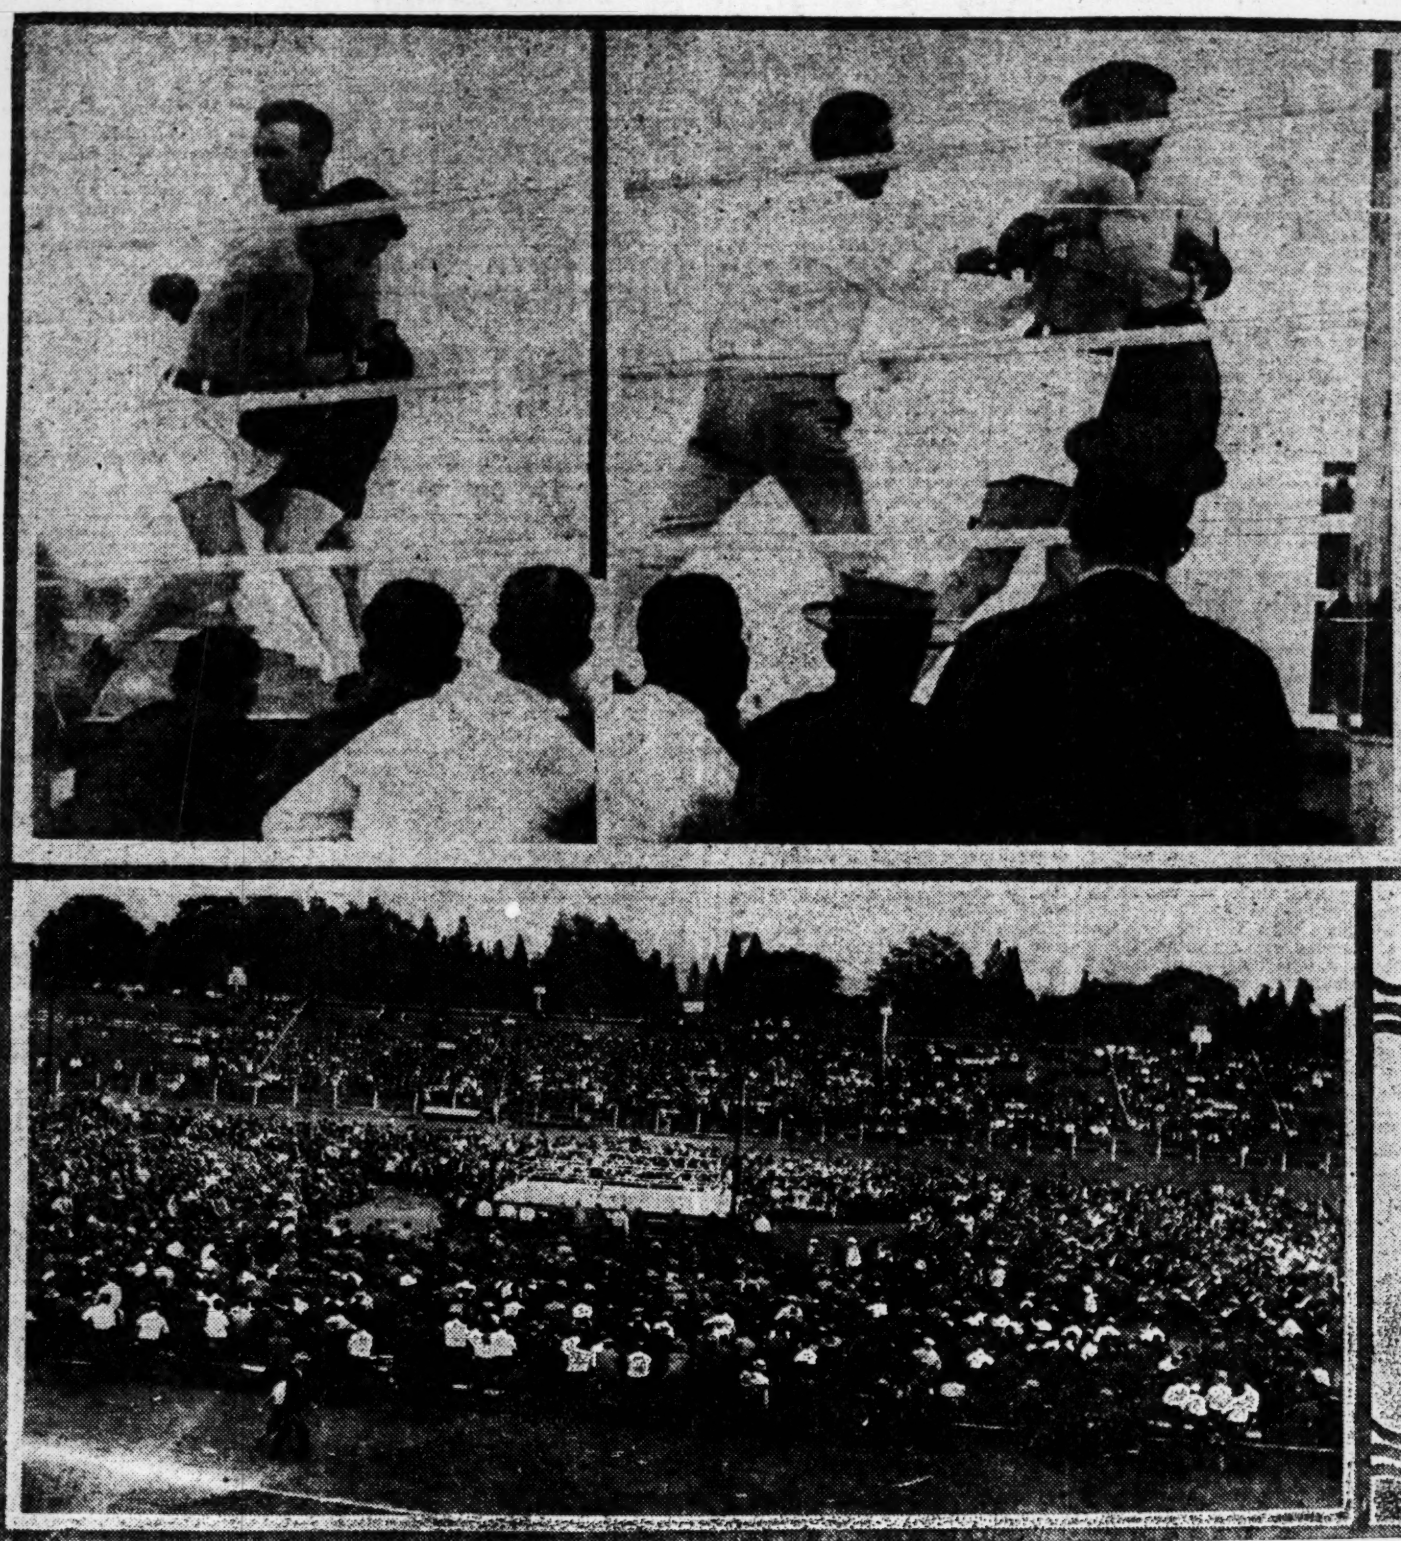

Event No. 5.
Southeastern sweepstakes, second heat. Conditions—Cars finishing first and second in the first heat do not start in this heat. Limited to six starters by I. M. C. A. rules.
Name of Car Driver
Frontier Ford Scales
Gray Dorr Hood
Beaver Special Collins
Peugeot Lampkin
Essex Claypool
Earl Special Petticoat

Event No. 6.
Southeastern sweepstakes, Ajax Trophy race. Final heat, distance to be announced. Conditions—Limited to six starters—cars winning in preliminary heats eligible to start in this heat.

MISS HUTCHINSON WINS
Y. W. C. A. TENNIS TITLES
Miss Mary Elizabeth Hutchinson won the Y. W. C. A. tennis trophy in the final match that was played Friday afternoon on Piedmont park court, when the star player defeated Miss Frances Kern by the scores of 6-2, 4-6, 6-4. Miss Hutchinson had won the cup for two seasons before and the third victory gave it to her permanently. Several girls and women entered the tournament against Miss Hutchinson.

Miss Lucy Marvin Adams, Y. W. C. A. health director, is promoting the yearly tennis tournament in order to interest girls and women to take more interest in outdoor sports. Next summer Miss Adams will direct another tournament that will be open to all lovers of the racket.

Atlanta Star Given Fight By New Jersey Golf Crack, But Finally Wins, Two Up

Miss Edith Cummings Stages Remarkable Rally and Defeats Mrs. Vanderbeck On Thirty-Eighth Green.

Rye, N. Y., October 5.—(By the Associated Press.)—A courageous girl from Chicago, Miss Edith Cummings, pushed her way into the final round of the women's national golf championship today by overcoming an almost hopeless handicap and defeating Mrs. C. H. Vanderbeck of Philadelphia, competitor of Glenna Collett, 1 up in 20 holes, dormie 2.

In the final round tomorrow, a grueling test at 36 holes, the Chicago girl will meet Alex Stirling, three times champion, who today eliminated Mrs. Elizabeth Harding Goss of Montreal, N. J., 2 up, after a close round in which Mrs. Goss always was pressing on her heels. Miss Stirling, the experts believe, is the world's greatest women player over the 36-hole route, but Miss Cummings is at the height of a game that has been improving through the years.

Mrs. Vanderbeck, national titleholder in 1915, is said to be one of the best match players of all golfing women, and she proved this yesterday by defeating Glenna Collett by 2 and 1. She had the advantage all the way today and seemed certain to win when the sixteenth was halved leaving her dormie 2.

Required a long and accurate drive to the joint of an elbow and a ticklish mashie pitch over a lake whose surface is covered with lily pads, and is known to Scotchmen as the "deukin" dub," which freely translated, means a terrible hole for a poor player. As Miss Cummings and Mrs. Vanderbeck stood on the tee waiting for the officials to clear the fairway of spectators, old Joe Horgan, who has been carrying golf bags for champions and others for more than 30 years, reached into the bag suspended over his shoulder and handed Miss Cummings her driver.

The sun-wrinkled face of the veteran caddy glowed with seriousness as he said:

"Just two holes to go now. All we got to do is win them and after that it will be easy."

Miss Cummings hit. Her drive on the straight away carried about 60 yards further than that of her opponent. Her iron over the lake was just the shot she needed for the usual two putts. Mrs. Vanderbeck's second was a bit short of the green, perhaps a yard. Miss Cummings' approach putt was close enough to assure her a par four. But Mrs. Vanderbeck had not made a par yet. She missed the ball over and the ball rolled 14 feet beyond the pin. She missed the long putt. Miss Cummings sank hers and she was one down, one to go.

The good long drive and the excellent mashie of the 17th was duplicated by Miss Cummings on the 18th and these two shots brought her the cup but looking back for the entire Gainesville team played good football. The feature of the game was Bell, half for Gainesville, who ran 85 yards for touchdown. Paris, at quarter, played an excellent game.

Rothstein, half, and Allen full, made several nice gains. Smith, substitute back, made several long gains around end. Gainesville's line did especially good work. Moseley, guard, and Captain Palmer, center, were the outstanding stars. For Marietta, Captain Reed, at quarter, and Olliphant, full, made some long gains.

Paris, Capt. Q. R. Reed, Allen, F. R. W. Olliphant, R. T. Darby, H. H. Benson, Pierce, R. E. Gilbert, Robertson, R. E. Holmes, R. T. Darby, Wofford, L. T. Garrison, Owen, L. G. Maddox, Mosley, R. G. Williams, C. Olliphant, Palmer, C. Olliphant.

Officials: Referee, Carlisle; Umpire, Amisler; headlinesman, Ferrell.

MARIETTA IS LOSER, 40-0

Gainesville, Ga., October 5.—(Special.)—Gainesville defeated Marietta 40 to 0 here today, the entire game was replete with thrills. Gainesville scored in the first three minutes of play, Paris carrying the ball over. The entire Gainesville team played good football. The feature of the game was Bell, half for Gainesville, who ran 85 yards for touchdown. Paris, at quarter, played an excellent game.

Rothstein, half, and Allen full, made several nice gains. Smith, substitute back, made several long gains around end. Gainesville's line did especially good work. MERCER WILL PLAY FURMAN

Macon, Ga., October 5.—(Special.) Five thousand persons are expected to witness Mercer's first home game of the season tomorrow afternoon when the Macon team meets the Purple Hurricane from Furman university. The game has been designated as "Coach Robinson Day," in honor of the new Mercer mentor.

The Orange and Black squad is in excellent condition and although realizing that Furman is one of the strongest teams on the Mercer schedule. They have high hopes of being able to defeat the team that beat Virginia.

An aerial attack is being perfected by Mercer which may be used in tomorrow's game. Hitherto only straight line bucking and end runs have been used. A great deal of stress has been placed on the practice of breaking up forward passes during the past week, as it was by this means Georgia gained the greatest portion of its yardage against Mercer, and it is rumored that the Furman outfit has a strong aerial attack.

LT. GEORGE IS RACE WINNER

St. Louis, October 5.—(By the Associated Press.)—Lieutenant H. L. George, U. S. A., flying a Martin bomber with twin motors, rated at 800 horsepower, today won the 300 kilometer (186.42 miles) Merchants exchange of St. Louis trophy, with an average speed of 114.28 miles an hour. On the tail end of the last lap and the finish of the race, George flew by Lieutenants Crocker, Black and Wade, who were still on their fourth lap.

A dispatch today from the Wright-Wright 550 horsepower Wright motor, came in second at an average speed of 107.62 miles per hour.

Lieutenant W. S. Hallenberg, U. S. marine corps, finished third with a Martin bomber at an average speed of 105.43 miles an hour.

The mark set by Lieutenant George B. Croke by six miles an hour an existing record for twin motored airplanes, although there is no official world's record for twin motored ships, the judges announced.

Lieutenant B. F. Cole, with his Martin bomber, came in fourth place with an average speed of 98.90 miles per hour. Captain E. C. Black, also flying a Martin, was fifth with an average speed of 97.12 miles per hour. Lieutenant H. G. Crocker, in the 7-2, finished last at an average speed of 94.46 miles an hour.

Entertained at Buffet Supper

Miss Margaret Nelson was hostess at a buffet supper Friday evening at her home on East Fifteenth street in compliment to Miss Jennie Johnson and Dr. Frank Miller Atkins, whose marriage will be a social event of next week, and the members of the bridal party.

The spacious reception rooms were lovely in their decoration of late fall flowers artistically arranged in vases and bowls placed on the bookcases and mantels.

The table in the dining room was overlaid with an imported cover of lace and graced in the center by a silver vase of white dahlias and buds. Silver candelabra holding unshaded lavender tapers were placed at each end.

Miss Nelson received her guests wearing a gown of pink chiffon combined with cream lace.

The hostess was assisted in entertaining by her mother, Mrs. Henry P. Nelson, who wore a handsome gown of cream lace.

Miss Johnson was gowned in a Parisian model of gold cloth and brown chiffon.

Miss Olive Caldwell, of New York, who is the guest of Miss Johnson, wore a gown of black lace combined with cloth of silver.

The guest list included the members of the bridal party, who are Miss Nelson, Miss Johnson, Miss Olive Caldwell, of New York; Miss Margaret Morgan, Miss Emmie Nixon, Miss Jennie Robinson, Miss Sarah Orme, Miss Louise Inman, Mr. and Mrs. Humphrey Wagar, Mr. and Mrs. Fay Wesley Ream, Dr. Atkins, Dr. Dan Elkin, Dr. Thomas Crenshaw, Jack Foster, Rhodes Haverly, Bruce Woodruff, Stewart Coleman, and William E. Mrs. O. L. Jernigan Compliments
Miss Shelton and Mr. Stokes

A beautiful event of Friday evening was the buffet supper tendered Miss Mildred Shelton and Wesley Lane Stokes, whose marriage will be solemnized this evening, and the members of their wedding party, by Mrs. O. L. Jernigan at her home on Springdale road.

The affair was given following the rehearsal at the Druid Hills Methodist church.

The house was decorated throughout with myriad of fall flowers, asters, sinias and ageratum, placed in effective arrangement on the tables and mantels.

The table in the dining room was adorned in the center by a bowl of yellow flowers encircled by silver candlesticks holding unshaded yellow tapers.

The guest list included the members

of the wedding party who are, Miss Lillian Eubanks, of Rome, Ga.; Miss Mildred Clarke, Miss Mary Gillespie, of Albany, Ga.; Miss Martha Anderson, Miss Myrtle Jernigan, Miss Page Munro, of Columbus, Ga.; Miss Ethel Beyer, Miss Margaret Huesine, Miss Mildred Shelton, Wayne Rivers, Lee Shelton, of Alameda, Cal.; A. Bridge-Tea at Club
Honors Miss Johnson.

One of the interesting social affairs of Friday was the bridge-tee at which Mrs. Lynn Frederick Howard and Mrs. Samuel Dolan were joint hostesses at the Druid Hills Golf club in compliment to Miss Jennie Johnson, bride-elect of next week.

The game was played in the sun parlor of the club which was attractively decorated with fall flowers. The tables were daintily hand-painted figures of brides. The honor guest was presented hand-made lingerie, while the winner of top score was awarded a hand-made bridge cover. The consolation was a set of lingerie ribbons.

Mrs. Howard's afternoon gown was of gray doreen worn with a black velvet hat trimmed with bird of Paradise feathers.

Mrs. Dolan wore beige crepe and a black velvet hat.

Miss Johnson's costume was beige chiffon embroidered with braid and a hat to match.

Invited for this occasion were Miss Olive Caldwell, of New York; Mrs. Charles Rawson, Mrs. Julian Holt Buff, Mrs. Harold Rogers, Mrs. Humphrey Wagar, Mrs. Fay Wesley Ream, Mrs. Hugh Inman, Mrs. Thomas J. Walsh, Mrs. C. H. Johnson, Miss Katherine Haverly, Miss Martha Boynton, Miss Lucy Candor, Miss Anne Grant, Miss Mary Frances Coolidge, Miss Emmie Nixon, Miss Louise Inman, Miss Sarah Orme, Miss Jennie Robinson, Miss Margaret Nelson, Miss Margaret Morgan, Miss Emily Robinson and Miss Elizabeth Kontz.

Wedding Rehearsal
Friday Evening

Misses Emma Laura and Elizabeth Wesley will be hostesses at bridge-tee this afternoon in compliment to Miss Lucille Chancellor, a popular bride-elect, at their home on Spring street.

Invited to meet the attractive guest of honor are, Misses Martha Tomlinson, Claire Louise Scott, Estelle Lindsey, Linda Barrett, Lillian Ashley, Venice Mayson, Ruth Cruselle, Lelia Mae Jenkins, Leona Glass, of Tampa, Fla.; Fay McCown, Anne Couper, Mrs. T. S. Chancellor, Mrs. Frank Chalmers, Mrs. LeRoy Stevens, Mrs. Knox Fitzpatrick, Mrs. Frank Kemp-ton, Mrs. Edmond McGarity and Mrs. Paul Wesley.

Following the wedding rehearsal of Miss Martha Virginia Hill and Ernest Eugene Scarborough on Friday evening, Mr. and Mrs. Benjamin Harvey Hill, parents of the bride, entertained the attendants and a number of the younger set of society at a delightful prom party at their home on Ponce de Leon avenue.

The guests were received in the living room of the home. The decorations throughout the house were in yellow and white, the lace and mums bearing the same color note. Fall palms and ferns banded the verandas and terraces where the young guests promenaded.

Mrs. Hill was assisted in entertaining by a group of lovely girls who are her house guests, including Misses Flora Warner and Faye Hunt, of West Point, and Miss Sarah Spennell, of Chattanooga.

The hostess received her guests wearing a gown of blue Spanish lace. Miss Hill was beautifully gowned in an evening model of pink sequins.

Miss Warner was charming in a striking dress of cerise colored lace. Miss Hunt wore blue taffeta and Miss Spennell's toilette was of black lace draped over satin, with which she wore a corsage pouquett of red roses.

Forty guests were invited.

Kindergarten of Health
To Meet Saturday.

The Free Kindergarten of Health for children and mothers will meet Saturday afternoon at 2 o'clock in assembly room No. 2, Atlanta Chamber of Commerce. It is open to all children desiring to learn how to sing, dance, breathe, exercise, make speeches and correct all kinds of bad habits. The school is under the direction of Robert Bryan Harrison and other competent health teachers.

Mrs. H. H. Turner
Hostess Friday.

Mrs. H. H. Turner entertained at a luncheon Friday at her home on Olympia way in compliment to Miss Louise Wilcox, a bride-elect of October.

The luncheon table was arranged in a private room and was adorned in the center with a basket filled with dahlias. Figures of miniature brides indicated the guests' places.

Enjoying this occasion were the members of the two bridal parties and a small group of intimate friends.

Juvenile Sales Today

Girls' Nobby Felts

Regularly \$2.50 to \$3.00

\$1.98

Surely no little girl should be without a new hat when such choice ones are so low in price!

The season's smartest styles. Pokes, Roll Brim and jaunty Upturn effects of plain and scratch felt, cleverly trimmed with a simple band or ornament. All colors.

A real "pick-up" for girls of 6 to 14 years.

All-Wool Sweaters

\$2.98 to \$5.00 Values

\$1.98

To be candid, this is a group of sweaters left from last year, but who cares for that when styles are practically the same as those of this season?

And any girl will be glad of their warmth cool October mornings. Slipovers with V or round necks. Others with heavy roll collars that would be suitable for little boys or girls.

All colors: navy, brown, red, tan, etc., ages 3 to 14 years.

Girls' Coats

A Special Group Worth to \$8

\$4.95

Imagine! All-wool coats in smart belted models, right at the beginning of cold weather for only \$4.95!

It's this way — we wanted to cause a flurry in our coat section today, to get girls coming, so we planned this sale as a special feature.

All-wool sport materials, Kerseys and Melton Cloths in blues and browns for girls of 7 to 14 years. Chinchillas and Shepherd Checks in little mannish models for tots of 3 to 6 years.

Forty guests were invited.

Children's Body Waists

The Usual 50c Kinds

39c

A good cambric waist with two rows of taped buttons to attach to skirt and drawers. Stoutly reinforced with taped bands. Aged 6 to 12 years.

Bestyette Rain Capes

For Girls of 7 to 12 Years

\$3.25

Brand-new Capes with hood attached, plaid lined, in red and navy blue. Now is the time to prepare for drizzly fall days.

Gingham Dresses

Usual \$3.00 Styles

\$2.25

Engagingly new models of pretty, fast-colored gingham in the new autumn checks and plaids, attractively finished with cross-stitching, scalloping, patchwork motifs, and so on. They are the same type of dress that you find around \$3.00 or more, and girls of 7 to 14 will be proud to get them for \$2.25.

Pantie Frocks, \$2.25

For Tots of 2 to 6 Years

"Too cute for anything," you'll pronounce them. They are made of serviceable fast-colored gingham in dainty checks of blue, brown, green and red, trimmed in solid bands to match. Some boast nursery figures or cross-stitching done by hand.

Jersey Frocks

\$6.00 and \$6.50 Models

\$4.95

Is it any wonder that girls take to the Jersey frocks like ducks take to water, when it so charmingly combines style with practicability?

These are the favored straight line models of a nice grade of all-wool Jersey, belted or side-sashed, with clever touches of wool embroidery or briar-stitching. Colors are brown, tan, Copen and red.

Included at the same price are becoming models of all-wool crepe and navy blue serge. Ages 7 to 12 years.

Allister McCormick And Joan Stevens Marry in London

Paris, October 5.—The civil marriage of Allister McCormick and Miss Joan Tyndale Stevens, of London, took place at 10 o'clock this morning in the hall of the sixteenth ward, Paris.

The ceremony was simple, being attended by less than a dozen persons. The witness for the bride was the Hon. Charles M. Astley, her stepfather, while Leander Hamilton McCormick acted in the same capacity for the bridegroom. The bride was given away by her father.

The wedding party displayed slight annoyance at the presence of a lone American newspaper correspondent, inasmuch as an attempt had been made to keep the day of the marriage a secret.

The entire party entered the marriage hall a few minutes before 10 o'clock but Deputy Mayor Chamone, who was scheduled to officiate, was several minutes late and the bridegroom, growing restless at the delay, had left the room when the bride came in. She glanced nervously about as the ushers paged "Monsieur McCormick" through the reverberating corridors of the city hall. Once under way the ceremony lasted only seven minutes.

"I am very happy," said M. Chamone, "to unite in wedlock a member of one of the best English families—our dear allies, the English, in spite of what people would lead the world to believe—to the representative of the great McCormick family of America, which proved by sending twenty-five of its members into the firing line its great love of our country and of justice."

Addressing the bridegroom, the deputy mayor continued: "I want to congratulate you personally for your gallant behavior during the war. Every employee in the city hall voted the McCormicks 'a great family.' One weather-beaten old usher, winking wisely, said he wished 'there'd be a McCormick wedding every month.'"

"At the last McCormick marriage a few months ago," he continued, "I bought a treasury bond. Another one will be added to my little stack this noon."

He was referring to the marriage

ceremony of Ganna Walska and Harold F. McCormick last year.

Mary Baker May Wed.

Chicago, October 5.—Mary Landon Baker, who left Allister McCormick waiting at the church at the hour set for their wedding a year ago, is reported to be engaged to marry Bojdar Pouritch, consul general of Yugoslavia here, according to the Chicago Tribune.

Miss Baker broke her engagement to marry McCormick after failing to appear for the wedding while guests and bridegroom waited for her in vain.

Neither Miss Baker or Pouritch could be reached by the Tribune, which stated friends of Miss Baker denied the report. The Serbian diplomat is described as being about 35 years old and has been here a year.

Clarksville Guest Is Entertained.

Miss Willene Ashbury, of Clarksville, Ga., the guest of her sister Mrs. Charles W. Brooks, Jr., was the honor guest at an informal bridge-tena entertained by Mrs. Brooks Friday at her home on Kennesaw avenue.

The reception rooms were lavishly decorated with garden flowers in lavender and yellow shades. Tea was served at the individual tables. The prizes were hand made novelties.

Mrs. Brooks received her guests wearing a black flat crepe gown.

Miss Ashbury was gowned in blue broadcloth. Invited to meet the honor guest were Mrs. Ashbury Millam, Mrs. W. L. Adair, Mrs. H. L. Davidson, Mrs. DeLeon Drake, Mrs. Leonard Almon, Mrs. Colquitt Meacham, Mrs. Carl Fischer, Mrs. Clifford Ragsdale, Mrs. Alfred Newell, Mrs. Mark Pentecost, Mrs. J. H. Lanier, Mrs. William Bell, Mrs. R. F. Morris, Mrs. Charles McCraw, Mrs. J. P. Stewart, Mrs. Barton Gause, Mrs. Bruce Baxter, Mrs. J. deLussier, Mrs. John Ray, Pattillo, Jr., Mrs. William Lake, Miss Lois Bryant, Miss Martha Crane and Miss Elizabeth Peoples.

GASQUE WILL PREACH ON 'SPIRITUAL HEALING'

Rev. W. Gasque, rector of the Holy Comforter Episcopal church, will preach Sunday night on the subject "Spiritual Healing." He will discuss the cause of disease, showing its relationship to sin, and he will answer the question, "Why do so many people fail to receive a cure when they attend a healing mission?"

What Women Wear

BY ANNE RITTENHOUSE

Roses Bloom Profusely in the Fashions for This Autumn and Winter. Said William Shakespeare, as you remember:

"At Christmas I no more desire a rose Than wish a snow in May's new-fangled mirth; But like each thing that in season grows."

Seemingly, Dame Fashion and Master Shakespeare do not agree, for she desires roses at no time more than at Christmas, and like each thing that grows in some other season. She wears white ermine, the weasel's winter coat, in mid-summer, and puts off wearing flowers on her hat until after frost.

In many quarters this fancy for roses as trimming has appeared. The rose is used in more or less conventional embroidery design. Some of the most charming hats of black hatter's push are trimmed with little French roses in bunches of four or five. There are delightful little evening bags made of silk covered over closely with crushed artificial roses, and often roses made from ribbon are used to bedeck hand-made lingerie and negligees.

The all-white evening gown of white velvet or satin—perfectly sleeveless, of course—has gained a high position from which it cannot totter for many a long month. The low-placed metallic girdle has been its only ornamentation. Now there are white satin or velvet instead of the metallic girdle. The sketch shows such a frock, of softest white satin that hangs in gracious folds. There are unusual panels at the sides, gathered to the front above and below the narrow girdle. Over the girdle at the front, and also at the hem, are big, flat roses of velvet shading from pale to deep.

For the woman who likes to cover her neck, even when in a décolleté gown, there are old little collars that fit about the neck from collar bone to chin. Usually these have roses or rosettes on the outside. Cherry-colored velvet is used for the lining of one such collar. At a smart restaurant the other night a woman wore a striking black velvet evening frock with big velvet roses, cherry-colored, dripping from

the girdle to the knee. And with it she wore a wrap of black chiffon and for with one of the high collars of cherry-colored velvet roses.

BEAUTY CHATS

By Edna K. Forbes

CARELESSNESS. Perhaps because I think about it so much, I am prejudiced, but it seems to me that most of the people who aren't beautiful, are that way because they are careless. Count the number of men you meet on the street in any one day, whose ears stick out from their heads in the ugliest manner. Could anyone, man or woman, look attractive or intelligent with protruding ears? Women can cover them up with hair, men can't. Yet wearing a tape ear cap at night will cure this trouble; or if it is very bad, a simple, cheap little operation by a good surgeon, will make the ears lie flat and properly against the head.

Thin, mussy looking hair is always the result of carelessness. The market is full of good hair tonics; everyone knows the simple rule that oil rubs and shampoos cure dandruff and dryness; that astringents take away extreme oiliness from the hair; that massage and air and general good care will make the hair thick and glossy and an asset to one's looks.

Bad complexion is due to carelessness. No one need overeat, or bolt food down half chewed, or live so sedentary a life that the whole system becomes sluggish, or choose such indigestible foods that no gastric juice could cope with them. Yet these things cause bad complexion, sallowness, pimples, blackheads and host of other troubles.

Wrinkles are bound to come some day, a few wrinkles don't matter. But every skin can be clear, moderately rosy, or at least becomingly pale, fine grained and firm looking. Cleansing cream is cheap, soap and hot water cheaper, a good skin is not expensive. A bad skin is more often the result of what you don't do, than what you do. Which sounds like a paradox but only means that you should eat lightly, exercise moderately, breathe the fresh air outdoors and not use too many skin lotions.

Billy—Lines in the forehead at 28 years of age may easily result from the bad habit of frowning, or from eye strain. In either case you can correct the cause, while you are also removing the lines through massaging them with a flesh building cream. Such a cream is always made with a vegetable oil, such as almond or olive. Which sounds like a paradox but only means that you should eat lightly, exercise moderately, breathe the fresh air outdoors and not use too many skin lotions.

temples, between the brows and the hair.

Lenora—If you part the hair on one side, and bring some of it over the forehead to cover the forehead at the parting, its height will not be noticeable.

J. M. K.—Never attempt to remove a mole on your face yourself. Brown moles are easily removed by a process of impregnation, by any good dermatologist but should never be given home treatment.

All inquiries addressed to Miss Forbes in care of the "Beauty Chats" department will be answered in these columns.

columns in their turn. This requires considerable time, however, owing to the great number received. So if a personal or quicker reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

MEMPHIS IS SITE FOR NEW STEEL YARD

New York, October 5.—The Jones and Laughlin Steel corporation has announced the purchase of a site in Memphis, Tenn., on which it will establish a steel distributing and storage depot, with rail and river terminals.

ATLANTAN IS CITED FOR UNUSUAL BRAVERY

Information was received in Atlanta Friday of the citation for unusual bravery of Lieutenant Alan D. Whitaker, Jr., U. S. A., son of Mr. and Mrs. A. D. Whitaker, Sr., of 221 East Tenth street, for saving the life of a workman at Fort Frank, Georgia, where he is assigned to duty. The workman saved by the young officer had slipped and fallen into a pool of water while engaged in making repairs on the fort. Without a moment's hesitation Lieutenant Whitaker jumped in and rescued him.

MOTHER OF LARGE FAMILY

Recommends Lydia E. Pinkham's Vegetable Compound to Other Mothers

Windom, Minn.—"I was so run-down that I was just good for nothing. I was to become the mother of my ninth child, and I thought I did not have the strength to go through with it. I took Lydia E. Pinkham's Vegetable Compound, and it has surely done all I could ask it to do and I am telling all my friends about it. I have a nice big baby girl and am feeling fine. You may use this letter to help other sick mothers."—Mrs. C. A. MOORE, Box 624, Windom, Minn.

My First Child
Glen Allen, Ala.—"I have been greatly benefited by taking Lydia E. Pinkham's Vegetable Compound for bearing-down feelings and pains. I was troubled in this way for nearly four years following the birth of my first child, and at times could hardly stand on my feet. A neighbor recommended the Vegetable Compound to me after I had taken doctor's medicines without much benefit. It has relieved my pains and gives me strength. I recommend it and give you permission to use my testimonial letter."—Mrs. L. A. TYR, Glen Allen, Alabama.

HOUSEHOLD SUGGESTIONS

Cleaner Floors.
Floor mops, as a rule, are somewhat forgotten when it comes to washing. They will gather dirt and dust much more thoroughly and quickly if given a good bath in boiling soapuds once a month. Soda added to the water will loosen the dirt wonderfully.

Smooth Gravy.
Should the gravy separate before serving, add a few spoonfuls of boiling water and stir vigorously. It will bring back the former smoothness.

Cuts the Grease.
Whenever you clean with gasoline, pour the refuse down the sink pipe. The gasoline will cut the grease deposits. Pour hot water through soon afterward.

Starched Clothes.
If the starched clothes should be caught out on the line in a rainstorm, do not take them down, but let them remain until dry and they will retain their original stiffness.

The HOUSEHOLD

Edited by Anne Rittenhouse

GOOD BREAKFAST EGGS.

Spanish Eggs.
Mix a third of a cup of stewed tomato with six slightly beaten eggs and scramble in butter.

Shirred Eggs.
Mix equal quantities of cracker crumbs and chopped ham; soften with milk and put two tablespoons in the bottom of a buttered shirred-egg dish. Break an egg into the dish and cover the egg with crumbs mixed with melted butter, salt and pepper. Bake by placing dish on a folded paper in a dish containing hot water, until the egg begins to feel firm to the touch.

Eggs Scrambled With Potatoes.
Two cups cold boiled potatoes; two eggs. Cut the potatoes in thin slices or in one-half-inch cubes, add the beaten egg, cook in a warm greased frying pan over a low fire, stirring constantly until the eggs are cooked and the potatoes warmed through.

Poached Eggs.
Fill a frying pan three-quarters full of water, add a teaspoon of salt. Put over fire and bring to a boil; then reduce heat to keep just below the boiling point. Break one egg at a time in a saucer and from the saucer slip the egg gently into the pan. It is better not to put more than two eggs in the pan at once. Gently taste a little of the hot water over the top of the egg to cook the yolk. When done, raise with perforated egg-turner and slip each egg on a piece of buttered toast.

Scalloped Eggs.
Butter a hot dish well and line with boiled rice. Over the rice slice a layer of cold, hard-boiled eggs. Sprinkle with salt, pepper and bits of butter. Then make another layer of rice, covering it with another layer of eggs and seasoning. Cover this with thin slices of rice and top it with buttered bread crumbs moistened with a half cup of stock or milk and bake twenty minutes.

SAVANNAH TO BE HOST TO SYNOD OF GEORGIA

Nearly 30,000 members of the Presbyterian church U. S. in the state of Georgia are looking forward with interest to the annual meeting of the synod of Georgia to be held in the First Presbyterian church, Savannah, October 10, beginning at 11 a. m. Synodical sessions will be held this year under what is known as the "reorganization plan" as recommended last year by the ad interim committee of which Dr. Homer McMillan, of Atlanta, was chairman. Under this plan the time of opening is changed to 11 a. m. instead of 8 p. m. for the opening day, the 11 o'clock hour each day and the evening sessions are set apart for inspirational addresses. Tuesday night is set apart for the popular meeting of synod work, and the first order for the day on Wednesday is fixed for the consideration of the report on synod work.

The opening sermon will be preached on Tuesday morning by the retiring moderator, the Rev. J. W. Caldwell, Jr., of Atlanta. Following the sermon the roll will be called and the organization of synod effected. The Rev. W. H. Chapman, of Macon, is publicity clerk; Rev. A. L. Patterson, of Savannah, permanent clerk, and the Rev. J. W. Stokes, of College Park, stated clerk and treasurer.

During the sessions of the synod reports will be made by the following committees: On synod's work by J. E. Ward, executive committee on education by George P. Butler, executive committee on assemblies by E. R. Leyburn. The permanent committees in their reports will be represented as follows: Men's work by C. A. Dowling, church societies by M. M. MacFarrin, spiritual life by H. R. Boswell, nominations by J. C. Blackburn. The program for the meeting of synod is of a devotional services and other services not arranged for in the manual, will be in the hands of Dr. A. E. Carr, pastor of the hostess church. Under the expert supervision of Dr. Carr members of the synod are assured that the program will not drag at any point, and that the entertainment of all representatives will be carefully looked after.

Dr. S. L. Morris, the beloved secretary of assembly's home missions committee will be present at the synod as a representative of the various assembly committees and will make the composite address covering the causes and the program of the whole church. He will be heard with deep interest.

The synod of Georgia comprises the following seven presbyteries: Athens, Atlanta, Augusta, Cherokee, Macon, Savannah and southwest Georgia. There are within the synod 137 ministers, 244 churches and a total membership of 28,577. The churches within the synod added on examination last year 1,465 and by certificate 1,731. The Presbyterian church U. S. is making rapid progress along all lines within the state of Georgia.

GOMEZ INAUGURATED PORTUGAL'S PRESIDENT

Lisbon, October 5.—Teixeira Gomez was inaugurated as president of Portugal today with a usual ceremony. He was formerly minister in London and succeeds Dr. Antonio Jose D'Almeida. The presidential term is four years and the law does not permit reelection.

Splendid Films On Tap Today For Children

"Robinson Crusoe," five-reel film booking picture, will be the special attraction at the boys' and girls' matinee at the Howard theater Saturday morning at 10 o'clock.

The picture follows closely the theme of the book, and will be of great interest to children.

The "Floor Walker," starring Charlie Chaplin, a Savini film, has been selected for Saturday's comedy picture.

The announcement of a Charlie Chaplin comedy always forecasts a capacity audience, so popular is the famous comedian, with young people everywhere. The usual large crowd is expected for Saturday's performance.

A one-reel instructional picture, "The Adventures of Roaring Thomas," will also be shown. This being a Vitagraph production, Roaring Thomas is a cat who has many interesting adventures.

Children always find Roaring Thomas as fascinating and entertaining, and absorb unconsciously much geographical information by following Roaring Thomas in his various adventures.

Mrs. Porter Langston, the efficient chairman of the boys' and girls' matinee, announces that all Stone Mountain essays must be turned in Saturday, October 6.

Children from the Cornelia Moore Day nursery will be special guests of the better films booked this week.

Mrs. G. H. Guy, Mrs. George Price and an able committee from the Parent-Teacher association, will assist Mrs. Langston as chaperon.

A most attractive program has been selected for the boys' and girls' matinee at the Alhambra theater Saturday morning at 9:30 o'clock.

"The False Trail," a 1st National production will be the feature picture for this occasion. Irving Cummings stars in this first run, northwestern mounted police story.

The eleventh episode of "In the Days of Daniel Boone" serial, entitled "The Wilderness Trail," will also be shown.

This instructional aerial, featuring Eileen Sedgwick and Jack Mower, has proved wonderfully popular, with Alhambra patrons, and each installment is received with market applause by those attending.

"Get Out and Get Under," a two-reel Pathé comedy, starring Harold Lloyd, promises to afford much merriment and laughter to the young folks on Saturday; Harold Lloyd being one of the most popular movie actors.

Mrs. E. B. Barrett, chairman of chapters for the Alpha theater, announces that through the courtesy of Frank E. Black company, guests of this theater will be presented with "candy kisses" Saturday, which delightful treat will add no little to the enjoyment of the show.

Mrs. Barrett will have assisting her as chaperons, a member from the Parent-Teacher association.

Miss Boykin Gives Luncheon at Club.
Miss Mary Pratt, whose marriage to Winchester Hooper Bennett will be an occasion of wide prominence October 17, was the recipient of a pretty compliment Friday

when Miss Martha Boykin entertained in her honor with a luncheon at the Druid Hills golf club.

Vari-colored dahlias arranged in a silver basket were the effective central decorations of the luncheon table, and were encircled by silver candlesticks holding green unshaded tapers and cornucopias filled with green mint.

Miss Boykin's midday gown was of brown Canton crepe mingled with lighter shades of the same material and worn with a hat to match.

Miss Pratt was becomingly gowned in a tan sport costume and a hat to match.

Cover were placed for Miss Pratt, Madames Sherwood Hart, Frank Downing, Thomas J. Walsh, Ralph Barwell, Jr., Kenneth Keyes, William Sutherland, Clement Evans, Misses Telside, Pratt, Dolly Hart, Margaret McArthur and Margaret Elder.

MAKING GOOD

We had the nerve to open an exclusive optical store in 1905. We had the ability to "make good." Anybody can make claims; "delivering the goods" is really what leads to success. We claim to have one of the soundest and most reliable exclusive optical stores in the states. We claim we use every endeavor to treat our patients courteously and fairly. We claim that the welfare of our patients is our first consideration—but the claim is only the smaller half. As to the larger half, ask any of the better oculists, physicians, or any of our patients. We are willing to risk our reputation on their judgment—they will tell you we have made good as an exclusive optical store. No side lines.

Classes Meet At Woman's Club

A very interested group of women met at the Atlanta Woman's club Friday afternoon for the purpose of entering the parliamentary classes, which are under the supervision of Mrs. George Obeir, Jr., chairman of the division of lecture courses, under the department of applied education. Mrs. W. O. Cheny will have charge

of the lectures in parliamentary law and registered 18 members at the opening meeting. Mrs. Norman Sharp, first vice president, appeared before the organization Friday and recommended the use of Gregg's book on parliamentary law as a guide to the club women, in addition to Robert's rules of order, which is also being used by the class. Mr. Sharp declares that Gregg's book is condensed and carries authentic information and

will be of great assistance to the students in parliamentary law. The next meeting will be held Friday afternoon of the coming week at 2:30 o'clock at the club house and Claude Smith will conduct the class. The following women registered: Mrs. Albert Thornton, Mrs. E. M. Helbig, Mrs. J. A. Carlisle, Mrs. Norman Sharp, Mrs. W. W. Alexander, Mrs. N. B. Forest, Mrs. R. W. McAfee, Mrs. J. S. McDaniel, Mrs. William Huck, Mrs. Klebold, Mrs.

Chester Johnson, Mrs. J. W. Moseley, Mrs. Luke Johnson, Mrs. M. B. Elliott, Mrs. M. H. Mahan, Mrs. B. N. Fickett, Jr., and others.

Today! Something Unusually Important 100 Silk and Wool Dresses \$12.75

These are the dresses that were bought, at special prices, to sell in the Anniversary for \$14.75. And how they've sold at that price! Shipment after shipment of new frocks has been unpacked to replace the dresses that have sold. Now the Anniversary, trying to break its own record, marks them specially for today at \$12.75—a one-day Sale! Such a variety of styles to choose from. And such good looking styles! They know the ways of fashion—and their designers chose good materials for them! Of Poiret twill in tailored, embroidered and braid trimmed styles. And of satin and crepe in puffed and paneled, draped or tiered, straight or flounced styles. In the lot are also some smart cloth dresses in black and white, blue and white or brown and white checked with smart novelty suede belts.

Special for Today in the Anniversary Sale

\$19.75 Fall Dresses at \$16.60

Lovely new frocks! With style and good looks which should rank them far above their original price of \$19.75, to say nothing of this new special price of \$16.60! They're of Poiret twill, charmeen, satin, satin crepe, crepe satin and dull crepe.

Straight line, according to the latest fashion dictation, with flaring bottoms, tight bodices with full skirts, flying panels, or straight tiered affairs—almost no end to the delightful styles here to choose from.

Another Anniversary Sale Special for Today

\$29.75 Fall Dresses at \$21.75

In the first place some of the dresses were made to sell for \$34.75. Then the Anniversary came along and changed the price to \$29.75. Now, for a day, it changes the price again, still lower—to \$21.75. The materials are Poiret twill, flat crepe,

charmeuse, satin crepe and dull crepe. They're fashioned in practically every mode that Fall knows—tiers, loose panels, tight bodices, full skirts or slim narrow skirts. Surely you'll want one—but you must see them early.

Again! Jersey Dresses, \$9.90

You Know the Regular Price—\$12.75

The Jersey in them is a good quality—all-wool and of good weight. And they're made up in six smart, tailored styles for you to choose from. Some have round linen collars and cuffs, some embroidered wool collars and cuffs and some are in collarless styles. In tan, Copen, black, navy and green.

This Spells Enthusiastic Coat Buying for Today

Women's Winter Coats, \$21.75

Coats that were made with every intention of selling for \$24.75 and more! But the Anniversary cares nothing for that. It wants specials, specials, specials! So these it marked \$21.75 with a ruthless hand. Coats of good, warm coatings.

Built along stylish lines. Slim straight coats of striped or plaid sport coatings—some of these have fur collars, belted and sashed style of suede and Normandy cloth. Self trimmed or with beaverette collars. In brown, tan and blue.

And the Anniversary Puts Special Prices on Many

Finer Coats, \$31.00 to \$49.75

One could never, never tell from the looks of them how little they are priced. For they were made of good looking coatings and fashioned along the most approved coat lines for the season. Straight lines from shoulder to hem, most of them, but

some have lines broken by fancy stitching or ornaments. Soft, rich fabrics that trim themselves with self material or coats with big fur collars. Coats here in many styles at any price you wish to pay: \$31, \$34.75, \$39.75 and on up to \$49.75. Finer Coats at prices to \$225.

THE GUMPS—SOCIETY PINOCLE

No. 87
By Harrington Hext.

Next Week: "Treasure and Trouble Therewith."
BY GERALDINE BONNER.

(Continued from yesterday.)
Indeed, I might retract, step by step, my operations, only to find the same story repeated with monotonous regularity. Joseph Ashlar is become a Saint of Labor; the place destined for Greenleaf Stubbs occupied by one who will chastise with scorpions, where he would have used whips. Poglietti's death served only to hasten an end which good sense must have finally attained, without the destruction of that erratic genius; while not a mad hope cherished by the dead socialists has departed out of the hearts of their supporters with their assassination.

"Ozama, the Japanese, I slew for his dishonor. He fled to China and prepared to build an infamous conquest on the foundations of falsehood. I struck—only to find another of the tribe of Ozama ready to carry on the evil work."
"My act in Russia needs no expressing of regret. Here the forces of evil did actually concentrate in

the brain of one man, and the harvest of my blow at Moscow is already green above the ground."
"But no anarchist in the world's history has ever destroyed a life more precious and rich in promise than have I, when ignorant of truth and fearful that my secret was discovered. I sent Ian Noble out of the world. That awful error crowned my life with a crime as dark as any in the annals of international wickedness."

"Through Paul Strossmayer, I learned that Noble had discovered the secret of radio-activity and was about to convey it from England to the service of Jugo-Slavia. Upon that information, I struck at once, murdered both men and destroyed the life work of Noble, together with the death of Erskine Owen sufficiently testifies. Nothing save a frantic hatred of his error made me murder him."

"And now I die, not by the hand of man, but my own. My soul has withered under this scorching test. Only death remains; and my body shall pass to win a tomb in forgiving space; for the dust of which I am formed is lent of return to the earth that lent it. I will remove myself from the world forever."

"To depart needs no courage, for I hunger to do so. That has long been pre-determined."
"My life and death serve, at least."

"If I may, I'm going to drive you around the park for a bit, I want to talk to you."

She murmured assent.

The car threaded its way through the home-going traffic, up the avenue, where the arc lights were pricking through the November dusk. The strip of sky between the tall buildings was mellow with the afterglow of sunset. The tang of burning leaves drifted in through the open windows of Barton's car.

Madelon stole a glance at the man beside her. His strong, clear profile was sharply etched in the gloom. The set of his broad shoulders, his lean, brown, ungloved hand on the wheel, gave her a queer thrill.

She remembered guiltily that she had not given a thought to Duane Farley that whole afternoon.

But there was no room for regret. Faintly as yet, but none the less inevitably, the eternal melody was singing in her heart, the song of songs for which some listen in vain.

Woman's Party
Demands Equality
(Carol A. Rehfisch in The New Republic.)

The proposal by the woman's party of an amendment to the United States constitution reading: "Men and women shall have equal rights throughout the United States and every place subject to its jurisdiction," comes only after two years of legal study and of legislative work. It comes, not as the announcement of a new and startling dream of a sensational mind, but as the inevitable conclusion of a struggle which has proceeded for seventy-five years, and which was concentrated into the suffrage campaign for a time because of the obvious value of the power of the vote in the campaign for the remainder of the equal rights program. To the woman's party it is a matter of no moment whether the program of complete equality attains fulfillment by state or by federal action. It is pursuing both methods.

His amazement was genuine.

"Child, where have you lived?"
"In a convent mostly, in southern France."

He leaned forward intently, his brilliant gray eyes searching hers.

"Tell me about it!"

"Don't let Julian pump you," warned Ann, passing with a tray of sandwiches. "He's a lawyer and he has a way about him. You find yourself babbling—and live to regret it."

Madelon smiled up at Barton demurely.

"Shall I regret talking to you?"

"I hope not," he answered gravely. "But I know that I should regret very deeply, if you didn't talk to me."

She gauged him with laughing eyes. Was he, after all, the flirt that Ann had termed him?

She couldn't quite believe it. His eyes were too frank, too steady. His well-shaped forehead indicated the brain behind it. She liked his clean-cut mouth and firm chin, the easy pose of his broad shoulders, the lithe length of him. There was a suggestion of strength, of determination about him that told her, even on this short acquaintance, that, as a friend, he would be a tower of refuge.

He made no effort to conceal his ready administration of her. He was charmingly courteous to the other girls who claimed his attention from time to time, but he always returned to Madelon. His eyes, his manner, were indicative of a sudden awakened interest.

As for Madelon, she felt herself borne along on a strong current. She was powerless to struggle against the interest which she had felt from the moment she first met his steady gray eyes. She was bewildered to find herself flushing under his gaze. Queer new pulses fluttered in her throat. She was strangely, unaccountably happy.

When he told her that he was going to drive her home, she accepted the statement docilely. It never occurred to her to resent his mastery. It seemed as certain as fate.

With the sense of being carried along unresistingly by a powerful in-

visible force, she stepped into his car, waiting outside Ann's door. Barton took his place behind the wheel.

"If I may, I'm going to drive you around the park for a bit, I want to talk to you."

She murmured assent.

She murmured assent.

The car threaded its way through the home-going traffic, up the avenue, where the arc lights were pricking through the November dusk. The strip of sky between the tall buildings was mellow with the afterglow of sunset. The tang of burning leaves drifted in through the open windows of Barton's car.

Madelon stole a glance at the man beside her. His strong, clear profile was sharply etched in the gloom. The set of his broad shoulders, his lean, brown, ungloved hand on the wheel, gave her a queer thrill.

She remembered guiltily that she had not given a thought to Duane Farley that whole afternoon.

But there was no room for regret. Faintly as yet, but none the less inevitably, the eternal melody was singing in her heart, the song of songs for which some listen in vain.

Woman's Party
Demands Equality
(Carol A. Rehfisch in The New Republic.)

The proposal by the woman's party of an amendment to the United States constitution reading: "Men and women shall have equal rights throughout the United States and every place subject to its jurisdiction," comes only after two years of legal study and of legislative work. It comes, not as the announcement of a new and startling dream of a sensational mind, but as the inevitable conclusion of a struggle which has proceeded for seventy-five years, and which was concentrated into the suffrage campaign for a time because of the obvious value of the power of the vote in the campaign for the remainder of the equal rights program. To the woman's party it is a matter of no moment whether the program of complete equality attains fulfillment by state or by federal action. It is pursuing both methods.

His amazement was genuine.

"Child, where have you lived?"
"In a convent mostly, in southern France."

He leaned forward intently, his brilliant gray eyes searching hers.

"Tell me about it!"

"Don't let Julian pump you," warned Ann, passing with a tray of sandwiches. "He's a lawyer and he has a way about him. You find yourself babbling—and live to regret it."

Madelon smiled up at Barton demurely.

"Shall I regret talking to you?"

"I hope not," he answered gravely. "But I know that I should regret very deeply, if you didn't talk to me."

She gauged him with laughing eyes. Was he, after all, the flirt that Ann had termed him?

She couldn't quite believe it. His eyes were too frank, too steady. His well-shaped forehead indicated the brain behind it. She liked his clean-cut mouth and firm chin, the easy pose of his broad shoulders, the lithe length of him. There was a suggestion of strength, of determination about him that told her, even on this short acquaintance, that, as a friend, he would be a tower of refuge.

He made no effort to conceal his ready administration of her. He was charmingly courteous to the other girls who claimed his attention from time to time, but he always returned to Madelon. His eyes, his manner, were indicative of a sudden awakened interest.

As for Madelon, she felt herself borne along on a strong current. She was powerless to struggle against the interest which she had felt from the moment she first met his steady gray eyes. She was bewildered to find herself flushing under his gaze. Queer new pulses fluttered in her throat. She was strangely, unaccountably happy.

When he told her that he was going to drive her home, she accepted the statement docilely. It never occurred to her to resent his mastery. It seemed as certain as fate.

With the sense of being carried along unresistingly by a powerful in-

visible force, she stepped into his car, waiting outside Ann's door. Barton took his place behind the wheel.

"If I may, I'm going to drive you around the park for a bit, I want to talk to you."

She murmured assent.

Again and again we stretch out our hands with a welcome for the evangel of glad tidings and good will; again and again our cheers sink to a sigh, as man once more stores his prophets, crushes the weak, and denies his little children the milk of human kindness and the bread of truth."

MUSICALS

THEATERS : MOVIES

Atlanta Theater—Today, Miss Fern Rogers in "The Clinging Vine," musical comedy.

Loye Theater—Today, the Foxbury Players in "One of Us."

Lowe's Grand—(Vaudeville and pictures.) See advertising for program.

Keith's Foxbury—(Keith vaudeville.) See advertising for program.

Howard Theater—Today, "The Spotted," with Milton Sills and other screen features.

"The Clinging Vine."

(At the Atlanta) Henry W. Savage's delightful production of "The Clinging Vine," musical comedy, has created a profound impression here as testified to by the large and delightful houses that have greeted this newest of musical comedies at the Atlanta theater. But two performances remain of the engagement, a matinee and night performance today at 2:30 and 8:30. Beautifully costumed, splendidly sung, with a cast that leaves nothing to be desired, "The Clinging Vine" measures up to the standard that has for years been set by Henry W. Savage in all his productions. A unique feature of the performance is the "Clinging Vine Ladies' Orchestra," which interprets the delightful music of the play with such splendid precision. Those who have not yet attended, should not miss one of the two remaining performances.

Al. G. Field Minstrels.

(Coming to the Atlanta) Advance sale of seats for the annual engagement of the Al. G. Field Minstrels opened at the box office yesterday morning and within an hour the seats for this perennial favorite seems destined for one of the biggest weeks it has enjoyed in this city for many years. Many new and novel features are promised in the current season's production. Particular attention has again been given to the vocal end of the performance. Trinity Episcopal church, at Columbus, Ohio, is lovingly known to many persons as the "cradle" of unusually talented vocalists. Trinity's boy choir has long been famous throughout the country and its director, Carl Hoenig, is equally noted, for he has been a teacher and mentor of the organization for so many years that one associates one with the other invariably. This choir has produced more famous singers than from all other institutions in the middle west and four of them are members of the Al. G. Field Minstrels company. The quartet consisting of Fred Harrison, Harry Fillman, Billy Church and Ed Jones, all of whom served their vocal apprenticeship under Director Hoenig of the four Richards probably served longer than any other. He entered Trinity choir at the age of nine years and he was 20 when he left it.

Keith Vaudeville.

(At the Foxbury.) "Written to Order," a novelty act of songs and dances with such scenic richness, as a short and snappy good act of Keith vaudeville, is taking by storm the audience at the Foxbury theater for the last part of its week. Four talented artists.

STOCK LETTER.

New York, October 5.—Prices opened lower indicating that bearish operators were encouraged by yesterday's inactivity and sluggishness. Little headway was made on the down side with the exception of American Wool, which reacted 2 1/2 points. The market then became irregular until the closing hour when a steeper tone developed, especially in the mill and staple, which were well bought and advanced to 65 1/2, a gain of 2 1/2 points.

There is a possibility of an increase in the dividend rate to 45 or 50. The market was reported in the metal for domestic market as producers are unwilling to sell below 25¢ and inspiration, which had sold at 24 recovered 2 points to 26 at the close.

Belief in Virgin Birth

Is Not Prime Essential, Says Bishop Lawrence

Boston, October 5.—Bishop William Lawrence of the Protestant Episcopal diocese of Massachusetts, in an address today at service in celebration of the 150th anniversary of the virgin birth, said that a person whose belief in the incarnation was sincere might say the creed even though he did not accept the doctrine of the virgin birth, because "there is no essential connection between the virgin birth and the incarnation."

VALDOSTA IS HERO

Tom Cranford Cited for His Work in Tokio.

Valdosta, Ga., October 5.—(Special.) The parents and friends of Lieutenant Tom Cranford, Valdosta boy, who was on duty in Tokio during the great earthquake, were relieved today by press dispatches stating that he had been commended by name in a special bulletin by the Japanese government.

KNIGHTS KAMELIA TO BAR UNWORTHY, SIMMONS ASSERTS

Chicago, October 5.—Establishment of a second Ku Klux Klan order, known as the Knights Kameia, who will not wear masks has been announced here by William Joseph Simmons, emperor of the Klan, who will speak tomorrow. "Only worthy klanmen" will be elevated to the new order, thus eliminating the "undesirable, ignorant and irresponsible element who slipped through the portals into the probationary order," Mr. Simmons was quoted as saying.

KELS PLEADS GUILTY

Victim of Murder Is Identified by Labor Bureau.

Stockton, Cal., October 5.—Alex Kels, lather and cattleman, indicted yesterday for the murder of an unknown man, pleaded guilty in superior court today.

CARROLL GIRLS WIN SECOND IN CONTEST

Carrollton, Ga., October 5.—(Special.)—Carroll county won second place in the district canning club contest at the Floyd county fair in Rome, receiving a score of 78.2. Carroll was represented by Miss Jewel Nixon and Miss Lois Daniel, under the supervision of Mrs. D. Whitley, county demonstration agent. Mrs. Whitley will carry the canning club exhibit to the Southeastern Fair in Atlanta.

WAYCROSS SCHOOLS TURN AWAY PUPILS

Waycross, Ga., October 5.—(Special.)—Approximately 100 children in Waycross have been denied admission to the schools of the city during the past two weeks because of lack of desks in the schools. Superintendent Miller stated today that he believes many other children in the city desire to enter the schools, but realize that it is useless to apply for admission.

VALDOSTA FAIRGROUND BOUGHT BY A. H. WALE

Valdosta, Ga., October 5.—(Special.)—Fairground property in this city was today sold to A. H. Wale, manager of the Educational fair which will be held here next month. The purchase price was not announced. Mr. Wale states all of the fair buildings will be repaired and stuccoed. The grounds will be beautified and turned into an attractive park with an artificial lake and a dancing pavilion.

CLASS 1 RAILS EARNED \$98,381,200 IN AUGUST

Washington, October 5.—Class one railroads, which operate 90 per cent of the country's rail mileage, earned during August, the bureau of railway economics announced today, a total of \$98,381,200. This compares with \$91,450,400 earned during the same month last year, and represented an annual return rate of 4.94 per cent on the tentative value of the property used by the 131 roads concerned.

MORE MEN EMPLOYED BY U. S. RAILROADS

Washington, October 5.—Railroads during July were employing 1,954,687 workers, or almost 500,000 more than they employed during the same month a year ago. They also paid out during the month \$261,805,540 against a similar payment during July, 1922, of \$193,571,244.

BROTHERHOOD CHOSEN AS AGENT OF CLERKS

Chicago, October 5.—A majority of 149 in favor of representation by the Brotherhood of Railway and Steamship Clerks was indicated today in the official ballot taken by the employees of the Southern Pacific Lines in Louisiana and Texas. The vote was counted under the supervision of Secretary L. M. Parker of the United States Railroad Labor Board in conformity with a recent decision of the board. For representation by the Brotherhood 611, the count showed.

To Speak on Bees.

Waycross, Ga., October 5.—(Special.)—J. J. Wilder, of this city, recognized throughout the south as an authority on beekeeping, and editor of the Georgia Beekeeper Magazine, has been invited to address the Georgia Beekeepers' association, which meets in Atlanta on October 12, during the Southeastern fair.

Movie Elephant Shot For Vicious Temper

Los Angeles, October 5.—"Charlie," the movie elephant of the Universal studios here, faced a "firing squad" of one at dawn today and paid with his life for his vicious temper. He was 180 years old.

Finda Prehistoric Bones.

Philadelphia, October 5.—Bones and other relics of a race of men who lived approximately 80,000 years ago have been unearthed in the last of the University of Pennsylvania museum, who returned yesterday from Europe.
